OVERVIEW

The 2022 Schaefer 400 Sport presents a refined balance of performance and sophistication, meticulously maintained and ready for its next owner.

Propelled by three Suzuki 350 HP outboards with only 90 hours on each, the yacht delivers exhilarating acceleration and top speeds approaching 50 mph. All engines have been recently serviced by an authorized Suzuki dealer to ensure reliable, turnkey operation, while joystick piloting provides intuitive maneuvering and confidence in tight quarters. A Reverso automatic outboard flushing system simplifies after-run care, keeping engine maintenance efficient and responsible.

Stored on a lift since new, the vessel's exterior finish and systems reflect attentive ownership. The interior is finished in a fresh white palette that amplifies natural light and modern lines, with accommodations arranged across two comfortable berths and two full heads for convenient overnighting and coastal cruising. Entertainment comforts include a large television in the main salon and a second screen in the private stateroom, and a generator supports extended stays aboard and continuous operation of onboard amenities.

On deck, the layout is designed for sociable cruising and effortless relaxation. An electric retractable sunroof opens the helm area to the sky at the touch of a button, and the aft gourmet area with an integrated BBQ makes al fresco dining and entertaining effortless. Marrying sleek styling, potent outboard performance, and well-appointed features throughout, this Schaefer 400 Sport is an elegant choice for spirited dayboating, refined entertaining, and luxurious weekend escapes.
