DETAILED DESCRIPTION

Options

This yacht epitomizes luxury and high performance, featuring a range of amenities that blend comfort with practicality. Its bespoke paintwork accentuates its sleek and sophisticated look, ensuring it stands out on the water. The vessel is powered by twin 600 hp Mercury Verados, providing a ride that is both smooth and powerful. Anglers will appreciate the two rod holders, while the bow filler cushion and teak bow table create an ideal space for relaxation and social gatherings.

The interior is just as remarkable, with custom flooring and a complete canvass package. A sun shade provides relief from the sun, and the enhanced audio system, the Fusion Premier System with a subwoofer, offers an outstanding auditory experience. Entertainment is further elevated with flat-screen TVs thoughtfully placed in the cockpit, mid-cabin, and V berth.

Navigation and communication are exceptional, featuring the Simrad HAL024 radar and Simrad RS40 VHF radio, along with a Sirius XM satellite receiver for limitless entertainment choices. Comfort is a priority, with air conditioning and cockpit heating ensuring a pleasant atmosphere in any climate. The wet bar is ideal for entertaining, and the dynamic running surface with automatic trim tabs enhances performance.

Practical elements include shore power, a stainless steel anchor, and underwater lights that add a touch of sophistication. The VacuFlush system with overboard discharge offers convenience, and the win cooler is a considerate feature for keeping drinks cool. This yacht is a symbol of luxury and innovation, providing an unmatched experience on the water.

Features

This yacht is crafted to deliver an unmatched social and leisure experience on the water. Central to its design is a spacious cockpit social area, featuring a fully equipped wet bar with a refrigerator, sink, and the option for dual grills. This space seamlessly flows into the innovative transom terrace, which opens to extend the cockpit right to the water's edge, creating an ideal setting for entertainment and relaxation.

The yacht boasts a top-tier Fusion® audio system with Bluetooth® and Wi-Fi streaming capabilities, further enhanced by Apple AirPlay® 2 and Digital Signal Processing (DSP) for a superior auditory experience. The seating arrangement is unparalleled, comfortably accommodating up to 22 guests, ensuring everyone can unwind and enjoy the voyage.

A fiberglass hardtop offers shade and protection, with options for an extended aft sunshade and a bow sail shade system, allowing for tailored comfort in any weather. For overnight stays, the yacht provides luxurious cabin amenities, including a queen-sized bed in the aft section and a forward bunk that transforms into a social area.

The helm is outfitted with dual digital dashboards, featuring standard 16-inch Simrad® touchscreen displays, offering cutting-edge navigation and control. This yacht is a harmonious blend of luxury, innovation, and practicality, designed to provide an extraordinary experience on the water.

Electrical system

The yacht's electrical system is crafted to deliver dependable and efficient power management, ensuring a flawless experience on the water. It includes a 120V/60 cycle battery charger and converter, keeping the batteries fully charged and ready for action. The system is equipped with battery on/off switches featuring solenoids and trays for three batteries, facilitating

straightforward control and upkeep.

To guard against galvanic corrosion, the yacht is fitted with galvanic isolators and two MerCathode systems, preserving the integrity of metal parts. Shore power is supplied via a 120V/60 cycle, 30-amp service, complete with an inlet, a 50-foot cable, and a converter. This arrangement is enhanced by a galvanic isolator and a main distribution panel, ensuring power is distributed safely and effectively throughout the yacht. This all-encompassing electrical system is tailored to meet the needs of contemporary yachting, offering peace of mind and convenience for everyone on board.

Water system

The yacht's water system is expertly crafted to deliver ease and comfort for everyone on board. At its heart lies a pressure water system driven by a 12V pump, guaranteeing a consistent and dependable water flow throughout the yacht. The wet bar comes with its own faucet, providing easy access to water for drinks and cleaning tasks.

To further enhance convenience, the yacht is equipped with pullout sprayers in both the head and the transom, facilitating effortless rinsing and cleaning in these essential areas. Hot water requirements are fulfilled by a 6-gallon water heater, supplying warm water for showers and other needs. The system is backed by a 50-gallon water tank, complete with a level indicator to track water consumption and a filtration system to maintain the purity and quality of the water supply. This all-encompassing water system is designed to elevate the onboard experience, offering all the comforts necessary for a pleasant voyage.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
