OVERVIEW

The Carver 396 Aft Cabin Motor Yacht stands out as a preferred option for both leisurely voyages and living aboard. The spacious salon is illuminated by abundant natural light, with high ceilings that amplify the feeling of openness. Its thoughtfully crafted two-stateroom design includes two complete heads and a roomy galley, featuring a full-sized refrigerator and freezer. Driven by the esteemed low-hour Cummins diesel engines and a Kohler generator, this yacht is equipped with a host of appealing features and notable enhancements.

Presently situated in a prime location, this vessel was among the last to be winterized, making it ready for a spring launch and inspection. If you're exploring yacht purchases in the current area, this is a prime chance to acquire a yacht that seamlessly blends luxury with practicality.

Don't hesitate to contact us via email to schedule a visit and discover this exceptional yacht available for purchase!

DETAILED DESCRIPTION

Section name

The Carver 396 Motor Yacht is an impressive and roomy craft, crafted with an emphasis on luxury and practicality. By elevating the gunnels, Carver has extended the cabin to span the entire 13-foot 11-inch beam, offering a spacious living area. The salon, kitchen, and dining area are combined into a "great room" layout, providing guests with the freedom to move effortlessly. The dual-level window system offers an unobstructed view outside, whether you're relaxing on the plush salon seating or cooking in the fully equipped, slightly recessed kitchen.

Below deck, the aft master suite provides ample storage, a queen-size island bed with an inner-spring mattress, and a private bathroom with separate shower and toilet. The forward guest suite also includes a queen-size island bed with an inner-spring mattress and a split bathroom setup. For relaxation, the approximately 73-square-foot aft deck, shielded by standard wing doors, a hardtop, and a weather-resistant cloth integrated into the deck, offers an ideal retreat. A built-in staircase leads to the yacht's command bridge, which accommodates six and features a central helm for optimal visibility. A wet bar with an optional refrigerator or icemaker enhances the bridge and aft deck as a perfect entertainment venue.

Recent updates include the replacement of the starboard raw water impeller and the port raw water pump with an upgraded SMX 1730 pump and impeller in 2022. The generator impeller was also replaced in 2022. Routine maintenance in 2023 involved full synthetic oil changes, fuel filter replacements, Recor filter changes, and aftercooler servicing. Additional services include the installation of a new Group 29 house battery and the replacement of the aft Vacuflush pump in 2023. The freshwater pump and ice

maker were replaced in 2022, and all three AC raw water loops were descaled with Barnacle Buster. Windlass solenoids have been updated or replaced.

The yacht is outfitted with sophisticated navigational systems and entertainment amenities, including a Garmin GPSmap 741xs, Raymarine C80 Chartplotter and Radar, Raymarine Tay220 VHF/Hailer, Raytheon RayPilot 650 Autopilot, and a Furuno Depthfinder. Entertainment options feature a 32" LCD TV and West Marine Stereo in the cockpit, a 37" LCD TV, DVD player, and Kenwood Stereo System in the salon, and a 20" LCD TV in the master cabin.

Exterior features include a custom winter storage cover and a topside vinyl wrap completed in 2023. The synthetic cockpit floor, cockpit sofa with storage, and upper helm cockpit table were also added in 2023. The yacht includes a folding cockpit table and chairs, an Eisenglass enclosure from 2020, and a new icemaker with a filter installed in 2023. Additional features comprise an electric spotlight, electric anchor windlass, stainless steel ultra anchor with 110 feet of chain, stern-mounted BBQ grill, rod holders, Forespar Quick Davit, dinghy motor mounting bracket, fresh water washdown, and a cockpit sink.

The accommodations are designed for comfort, featuring 3-zone air conditioning with reverse cycle heat, a convertible portside settee in the salon, and a starboard side settee with two recliners. The yacht is equipped with a central vacuum, NovaCool refrigerator/freezer, Princess 3-burner electric stove, microwave, toaster/oven, stainless steel sink, and Vacuflush toilets.

Mechanically and electrically, the yacht is powered by a Kohler 10KW generator and includes a 120 AMP AC system with dual 50 AMP shore power. LED underwater lights and all lighting have been upgraded to LED. The yacht is equipped with five batteries, a Battery Charger C-5000 Series, and an X-Change Oil Changer System, ensuring dependable performance and easy maintenance.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
