## OVERVIEW

---

**\*\*Discover the Elegance of the Intrepid 409 Valor\*\*** This stunning Intrepid 409 Valor, owned by a seasoned industry expert and multiple yacht aficionado, is a masterpiece of design and engineering. With thoughtful factory enhancements, it has recently undergone comprehensive engine servicing and is poised for immediate delivery, complete with an active engine warranty. Renowned for its exceptional craftsmanship, Intrepid has a storied legacy of creating fast, efficient, and smooth-running center consoles. Each vessel is built to order, featuring bespoke finishes and customizations that are rarely seen in mass-produced boats. The innovative stepped hull design allows for cruising speeds nearing 60 miles per hour, gliding effortlessly over waves and providing a gentle ride without the harsh impacts. The triple 400HP Verado engines are elegantly painted to match the custom metallic Imron hull finish. Inside, the luxurious custom upholstery, double-stitched details, hardwood flooring, and upgraded cabinetry create an ambiance as opulent as its exterior. The 409 Valor is a versatile yacht that excels in every aspect. With ample cockpit, helm, and forward seating, it is perfect for entertaining guests. Its unique layout maximizes both deck and cabin space more effectively than most center consoles in its category. Unlike traditional designs that place a small cabin forward of the helm, the 409 Valor ingeniously positions the cabin in the bow, enhancing passenger comfort and stability while underway. This arrangement keeps the captain engaged in the festivities, as guests are seated just forward of the helm. Crucially, this layout allows for a spacious cabin beneath the seating area, a feature not possible in conventional center console designs. Without compromising on exterior space, the cabin boasts two berths, hull-side windows, and a separate shower stall, making it a true retreat. **\*\*Key Upgrades and Features:\*\*** - Custom canvas seat covers for all seats, brand new and still in the box (2023) - Comprehensive 400-hour service completed (08/2024) including oil changes and diagnostics - Generator service performed

(08/2024) with new oil and filters - New air conditioning compressor (07/2024) - GOST Security Navigation Tracker (08/2023) - Upgraded Samsung Smart TV (08/2023) and Sirius XM Satellite Radio (08/2023) - Full Garmin electronics suite with dual 22" displays and integrated autopilot - Fusion Apollo stereo system with JL Audio speakers and subwoofer - Hydraulically actuated helm deck platform for easy access - Bow thruster for enhanced maneuverability - 6.0 kW generator and reverse cycle air conditioning for comfort - Spacious foredeck ideal for sunbathing, fishing, or line handling The expansive foredeck is perfect for sunbathing or fishing, with an elevated bow rail ensuring safety and easy access from the cockpit. Natural light floods the cabin through multiple skylights and hatches, while retractable bow cleats and a concealed windlass provide a clean, trip-free deck. The main seating area, located just forward of the helm, is sheltered by a full-beam hardtop. The L-shaped lounge on the starboard side features a removable table and a pull-out seat bottom, transforming it into a sun lounge. The port side offers opposing seating for two adults, and the entire area can be enclosed or left open with custom seat covers for protection. The helm is equipped with dual Garmin 22" displays and a dedicated autopilot display, ensuring seamless navigation. The Fusion touchscreen Apollo head unit powers an impressive stereo system, while the Mercury VesselView system provides essential engine data. The helm deck rises on a hydraulic actuator for superior visibility, and an aft-facing seat provides access to storage and mechanical areas. The cockpit features a large dive door with a swim ladder for easy boarding, and the transom includes recirculating livewells that double as wet storage. The transom bench folds out for additional seating, while ample hatches provide access to storage and machinery. Inside, the cabin is enhanced with upgraded wood cabinetry and flooring, creating a luxurious atmosphere. The forward V-shaped lounge offers overhead storage, deck hatches, and an upgraded Smart TV, making it an ideal space to relax. The galley is equipped with a refrigerator, sink, and microwave, while the head features solid surface countertops and a separate shower stall.

The aft berth accommodates two, complete with a closet and reading lights for added comfort. The Intrepid 409 Valor stands out as one of the few 40' center consoles on the market that offers two separate berths, a fully equipped galley, and a dedicated shower stall, making it an exceptional choice for cruising and overnight adventures. With natural ventilation provided by opening hatches and climate control from the generator and air conditioning, this yacht is ready for any journey. \*Note: This yacht is currently offsite. Please schedule a showing in advance to explore this remarkable vessel.\*
