OVERVIEW

This 2013 Formula 40 SS express cruiser arrives exquisitely finished and cared for, having been kept in freshwater until 2022 and consistently stored on a lift when not in use, presenting with light, well-maintained wear and a clear sense of pride in ownership. Propelled by twin diesel engines and equipped with joystick docking, she delivers confident, efficient performance and effortless close-quarters handling that Formula is celebrated for. The boat's appointments blend comfort and convenience — cockpit A/C, a central vacuum system, upgraded entertainment, and premium finishes throughout — while the cockpit is fully outfitted with comfortable lounges, a wet bar and hardtop coverage, making her equally suited to weekend cabin-cruising or spirited dayboat outings. Freshwater pedigree, diesel power, joystick maneuvering and all the right options define this 40 SS luxury powerboat and performance cruiser for memorable escapes.

DETAILED DESCRIPTION

Standard features

Certified by NMMA Yacht and backed by a 10 year structural warranty, this yacht's FAS3TECH® hull rests on a foam filled, continuously molded structural grid with a chemically bonded, thru bolted deck to hull joint that delivers uncompromising integrity and confidence underway. Purposeful elegance is evident in the heavy duty PVC gunwale with a polished stainless steel insert, stainless steel hardware and 316L stainless steel welded rails, and twelve custom Formula logo cast cleats, while anchoring is simplified with a concealed electric windlass with chain counter, one hundred fifty feet of chain, a polished stainless steel anchor, hand held remote and yacht style thru hull anchor stowage; a remote control halogen searchlight stands ready for night approaches. Attention to detail continues with stainless steel fuel fills with integral vents, polished stainless steel vent trim, four polished custom Bomar® gull wing cabin venting hatches with screens and six polished stainless steel portlights with screens, a nonskid foredeck center walkway, and a tinted tempered curved glass windshield with center walk thru and polished stainless steel frame, windshield wipers and a radar arch with integrated flagstaff/mast light and white air horn to complete the commanding profile. At the transom, a Clarion® waterproof transom mounted stereo remote, an extended integrated swim platform with concealed stainless steel swim ladder and pull up cleats, and a transom shower with hot and cold controls underscore comfort at the waterline, while shore services are effortless thanks to 120V shore power with a fail safe galvanic isolator and two thirty amp shore cords, polished stainless steel shore power, cable TV and telephone hookups and a chromed city water inlet.

The cockpit's continuous molded deck and liner flow into molded in dash deck

access steps with a 316L stainless steel handrail and dual finish dash panels available in silver burl or wood with brushed metallic accents, creating a refined helm environment. The helm is fitted with complete Livorsi® illuminated instrumentation domed in chrome bezels, a dash panel mounted Ritchie® compass, a Raymarine ST 60 digital depth display and a Garmin® GPS chartplotter, while Livorsi chromed shifters/throttles with an in handle outdrive trim switch, safety ignition stop switches with tethers and a Dino™ tilt steering wheel with silver burl or wood and brushed metallic insets make command instinctive. Practical convenience is provided by a lockable under dash storage compartment, Bennett® trim tab switches and indicators and fingertip outdrive trim/trailer switches, an auxiliary 12V outlet and illuminated waterproof accessory rocker switches with E T A® circuit breakers. Entertainment on deck is exceptional with a Clarion waterproof dash mounted multi function stereo remote, two arch mounted and four cockpit 150W six and one half inch marine grade speakers with polished stainless steel grilles and separate tweeters, 600W amplification, a 200W subwoofer, an iPod™/MP3 port and twelve polished stainless steel drink holders; blue/white LED courtesy lights for the cockpit and swim platform with hand held remote create the perfect evening ambience while integral 316L stainless steel safety rails provide reassurance.

Weather resistant cockpit seating is constructed with PreFixx® coating, Tenera® element resistant thread, DriFast® foam and StarLite® XL synthetic marine panel construction, and hospitality is effortless with dual height cockpit tables with filler cushions, an aft facing sun lounge with storage below for tables, cushions and four fenders that converts to a full length sunpad, twin command seating with dual position helm and companion seats, U shaped aft lounge seating with storage and a port lounge with integrated storage. Practical systems include disconnect switches for auxiliary and starting batteries, a molded wetbar with Corian® countertop, a 120V/12V pullout refrigerator with stainless steel front and beverage racks, two

seventeen and a half quart Igloo® coolers, an in counter trash container and a 120V GFCI outlet, complemented by two custom Sunbrella® cockpit pillows. A demand water system with fifty gallon capacity, a fire extinguisher, a battery parallel emergency switch, custom patterned cockpit carpet and a pneumatic assist transom door add peace of mind, while protection from the elements is provided by a Bimini top, front and side curtains with easy mount zipper connectors and an extended aft cockpit enclosure in color coordinated non fading Sunbrella® acrylic fabric with SeaMark™ vinyl undercoating, plus a cockpit cover in matching fabric.

Below, a sliding/locking cabin door leads to cherry woodgrain finish entry steps and American Cherry woodgrain finish flooring throughout the cabin where the OceanAir Skysol pleated blind system in the galley and carefully placed accent lighting set a refined mood. A curved Ultraleather™ sofa pairs with dual height high gloss Deep Cherry wood dining tables and filler cushions, complemented by custom décor pillows and draperies and an in floor dining table/filler cushion storage with pneumatic lift for bespoke practicality. The entertainment center in high gloss Deep Cherry finish features a Corian countertop and a twenty six inch LCD HDTV/DVD combo with dockside access cord, while climate is assured by a 16,000 BTU reverse cycle air conditioner with digital climate control and illuminated 120V and 12V electrical panels. Interior audio is equally robust with a Clarion® AM/FM/CD stereo with changer control, 400W amplification, a ten disc CD changer and an iPod docking station, a six month subscription to Sirius™ Satellite Radio digital broadcast, two 300W six by nine three way speakers and two 240W six and three quarter inch two way speakers.

The complete galley in high gloss Deep Cherry finish provides abundant storage with hardwood dovetailed drawers, a full Corian countertop, a 120V/12V polished stainless steel refrigerator, a polished stainless steel sink, a concealed electric stove with safety shut off switch, a microwave oven, a Krups® five speed blender and a concealed trash container, plus a lighted

showcase with two tempered tumbler sets. The aft cabin stateroom offers a queen size berth with a Sensus® memory foam mattress and privacy curtain, a nightstand with concealed storage, phone jack and 120V outlets, an entertainment module/storage unit with drawers and a cable TV outlet and upholstered headboard storage; additional conveniences include an aft cabin cedar lined hanging locker with automatic light, individual reading lights and an aft cabin remote stereo volume control. Utility systems include a demand water system with one point water fill for the freshwater tank and/or city water, a water level gauge, a 120V water heater with heat exchanger, a built in WalVac® sweeper system and a fire extinguisher. The molded fiberglass private head compartment presents a Corian vanity with lower doors in high gloss Deep Cherry finish, a polished stainless steel sink with faucet, a porcelain Flush and Forget® VacuFlush® head unit with fifty gallon holding tank and dockside pumpout and a separate shower area with Corian seat, exhaust fan and nightlight, and safety is furthered by a cabin bilge pump with high water alarm and carbon monoxide detectors.

Engineered for confident performance, the machinery space houses a twin engine installation beneath a motorized hatch lift illuminated by courtesy lighting, with a fume detector and automatic fire extinguisher providing protection over thru bolted engine mounts and starting batteries with retainers. An eighty amp battery charger and both active and passive galvanic corrosion protection systems provide electrical security, while low noise bilge blowers, two automatic bilge pumps and a bilge high water alarm help keep the space dry. Electrical autonomy comes via a 7.6 KW/120V Westerbeke™ diesel generator with sound shield and battery, and precise running attitude is delivered by Bennett® hydraulic trim tabs, ensuring this yacht performs as confidently as it presents.
