Features

This yacht comes with an extensive array of electronics crafted to elevate your navigation and onboard experience. It includes a depth sounder for safe navigation through different water depths, while the navigation center and plotter offer precise route planning and monitoring. The autopilot system facilitates effortless cruising, supported by a dependable compass and GPS for accurate location tracking. Communication is smooth with the VHF radio, and entertainment is enriched by cockpit speakers that provide excellent sound quality throughout your voyage.

Inside, the yacht is equipped with a variety of features to ensure comfort and convenience. The Seakeeper stabilizer guarantees a smooth journey even in rough waters. Culinary needs are addressed with a microwave oven, and the marine head provides essential amenities. A refrigerator keeps your supplies fresh, while the battery charger ensures all systems stay powered.

Maneuverability is improved with a bow thruster, and the air conditioning system maintains a pleasant climate onboard. Furthermore, the fresh water

maker provides a continuous supply of fresh water, making this yacht an ideal combination of luxury and practicality.
