## Key Features & Upgrades

---

This yacht is a marvel of modern engineering and luxury, presenting a curated suite of key features and upgrades that elevate every moment aboard. At the helm, joystick control with Sky Hook virtual anchor delivers fingertip precision for effortless docking and confident station-keeping, while the cockpit grill invites memorable alfresco dining beneath open skies. The exterior is enlivened by a multi-color LED lighting system that creates a personalized nightly panorama, and navigation has been comprehensively upgraded with two new Garmin 8610 chartplotters and GPS units complemented by a new Garmin radar and an upgraded Garmin depth sounder fitted with an HD transducer for unmistakable underwater awareness. Safety and convenience are enhanced by cameras covering the backup and engine room, all integrated through the Garmin system, and the refreshed dash panel gives the captain a modern, intuitive interface. Entertainment is addressed with new flat-screen TVs installed in the cockpit, cabin, and salon, while comfort is assured by a new cockpit enclosure, sunroof, and windshield cover. Mechanical care is evident throughout: air conditioning was serviced in 2023; the engines received oil changes and the replacement of all saltwater impellers within the last 12 months; the generator was serviced with a new impeller installed; and the PODS were serviced in November 2022. The hull and running gear have been attentively maintained with bottom paint and PropSpeed applied in September 2022, new underwater lights added to enhance nocturnal appeal, and an additional 120 feet of anchor chain fitted for extended anchoring options. Communications and onboard media were upgraded with a new VHF antenna and enhanced TV receivers. Durable, long-term reliability is further supported by a factory-original powder-coated rust-proof generator tray and the

installation of a diesel cross-over system, and the vessel's systems now operate smoothly following service to all gray water pumps and bilge pumps. This combination of thoughtful upgrades and meticulous maintenance makes the yacht a true testament to luxury, innovation, and sea-going confidence.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
