OVERVIEW

Experience Unmatched Luxury and Performance: A 2016 Bahama Boat Works Gem

Welcome aboard this stunning 41-foot yacht, a true masterpiece in the realm of luxury boating, currently situated in the United States. Crafted by the esteemed Bahama Boat Works, this vessel seamlessly combines elegant design with state-of-the-art engineering, making it an ideal choice for those seeking a yacht that embodies both style and functionality.

Featuring a sleek Modified V-Hull constructed from high-quality fiberglass and plastic, this yacht glides effortlessly across the water, providing a smooth and stable ride even in challenging conditions. The deck, also made from durable fiberglass, offers a solid foundation for both relaxation and adventure, ensuring every journey is as comfortable as it is exciting.

Beneath the surface, the yacht is powered by three Mercury outboard engines, running on gas/petrol, delivering a thrilling performance that is both dependable and efficient. With a generous fuel capacity of 550 gallons, this yacht is built for long-distance travel, allowing you to explore far-off destinations with ease.

Inside, the yacht is a haven of comfort and luxury, with an interior that, while not credited to a specific designer, radiates timeless elegance. The expansive beam of 11 feet provides ample space for entertaining guests or enjoying peaceful solitude. With a water capacity of 50 gallons, your onboard amenities are well-supported, making this yacht ideal for both short escapes and extended journeys.

This yacht is more than just a vessel; it's an invitation to see the world from a new vantage point. Whether you're an experienced sailor or new to the yachting lifestyle, this 2016 model offers an unparalleled opportunity to own a piece of nautical excellence. With yacht sales thriving in the current boat

location, seize the opportunity to make this remarkable yacht your own.

For those seeking a yacht for sale that merges luxury, performance, and timeless design, this Bahama Boat Works creation is the ultimate choice. Don't miss the chance to embark on your next adventure in style—contact us today to discover more about this extraordinary yacht sale.

DETAILED DESCRIPTION

Section name

The Company presents the details of this yacht with sincerity but does not guarantee the accuracy of this information or the vessel's condition. Buyers are advised to have their agents or surveyors verify any details they wish to confirm. This yacht is available for sale, subject to prior sale, price adjustments, or withdrawal without notice. This vessel is an extraordinary fusion of elegance and performance, crafted to deliver an unmatched experience on the water. Every element of this yacht has been meticulously designed to meet the highest standards of quality and luxury. Its sleek exterior is paired with a spacious and well-equipped interior, offering both comfort and style to those on board.

The yacht is outfitted with cutting-edge navigation and communication systems, ensuring a safe and pleasurable journey. Its powerful engines provide remarkable speed and efficiency, making it perfect for both leisurely cruises and adventurous trips. The deck is thoughtfully arranged to provide ample space for relaxation and entertainment, featuring luxurious seating and optional extras that enhance the overall experience.

Inside, the yacht features a beautifully crafted living area, with high-quality materials and finishes that exude sophistication. The cabins are roomy and comfortable, offering a peaceful retreat after a day of exploration. Every detail has been considered to ensure this vessel provides the ultimate in luxury and convenience.

Prospective buyers are encouraged to perform a comprehensive inspection, as the company cannot guarantee the accuracy of the provided information or the vessel's condition. This yacht is available for purchase, subject to prior sale, price changes, or withdrawal without notice.

Equipment and deck features

This yacht is driven by 2021 Triple Mercury Verado 400hp Outboard engines, finished in a striking Cold Fusion White with hull-matching emblems, and have logged around 300 hours. It features a Mercury Smartcraft 9.5" digital engine display LCD panel and a SmartCraft703 with a touchscreen for comprehensive engine monitoring. The triple engine key switches and Mercury Next Gen dual-handle Throttle and Shift (DTS) dual station binnacle controls ensure precise handling, complemented by a safety lanyard kill switch for added security.

The yacht's navigation and electronics suite is outstanding, featuring Garmin Electronics with a GMM 190 touchscreen display at the lower helm, an 8208 in the tower, sounder, autopilot, and XM weather capabilities. The Garmin GMI 20 offers a 4-inch color multidata digital display for depth, speed, and water temperature, while the Garmin GHC 20 provides autopilot control. For those who prefer traditional controls, the Garmin GRID remote input control unit is mounted on the console. Kiekhaefer trim tab control knobs are available at both stations, and communication is facilitated by an ICOM 604 VHF radio with a base unit inside the console and an ICOM command mic in the electronics display box. Digital antennas are mounted on the tower buggy hardtop, and an additional ICOM command mic is available for use in the tower station.

The yacht's exterior is finished with SeaFoam Green Awlcraft paint on the hull sides and underneath the hardtop, complemented by a White/White rubrail. Rupp silver single spreader outriggers are mounted to the hardtop, with securing lock bars on the tower buggy top supports. The Palm Beach Full Gap Tower features dual station controls, with rear tower legs serving as ladder steps. The tower includes three rod holders on each aft leg, two on the aft tower truss, and two at the tower station. A tower buggy hardtop shade with a backrest provides comfort, and the tower station can be removed for trailer transport.

The helm area is equipped with a Birdsall 55" helm master bench seat and a rear-facing seat, with tackle storage cabinets in the helm console sides and back. A drink box is located under the forward console bench seat and under the rear seat. The helm bench backrest features a 4-rod rocket launcher and 5 drink holders. A side-opening console door with a magnetic open keeper provides access to the interior, which includes a Galley Maid freshwater head and an aluminum grab rail inside the console compartment.

The yacht is designed for fishing enthusiasts, with 36 rod holders around the perimeter of the gunwale, 4 drink holders on the bow gunwale, and 2 drink holders by the bench seat. Underdeck and transom livewells with pump box plumbing and two pumps for each livewell ensure ample bait storage. Both saltwater and freshwater washdowns are available, with freshwater washdown stations located starboard side midship and portside forward, connected with spray nozzles. An aft rigging sink with fresh and saltwater spigots adds convenience.

Comfort is prioritized with a full 360-degree bolster package in white, and an EZ2CY center enclosure piece with removable eisenglass wing panels. The Fusion MS-NRX300 stereo remote at the helm and the main Fusion base unit inside the console provide entertainment, enhanced by a JL Audio speaker package featuring four pairs of 7.7" speakers under the gunwales and two sub-woofers under the helm seat. A Lewmar Bow thruster and Optimus Electronic power steering ensure smooth maneuverability, while stainless Edson helm wheels with adjustable tilt, cheater knobs, and footrests offer ergonomic control.

Additional features include 10 rod holders on the aft hardtop edge and aft tower supports, a Release stainless puck flush mounted in the cockpit, and a Release White Battle Saddle in the cockpit with 6 rod holders, 2 drink holders, a drawer, gimbal swivel, and seat. Boltless Gemlux rod holders and drink holders are strategically placed throughout the yacht. Custom mounted LED Light-Bar

spreader lights, Lumitec SeaBlaze underwater lights, and under gunwale LED lighting enhance visibility and ambiance.

Storage is abundant, with rod storage inside the console and a large storage area. Forward seating benches with cushions provide comfort, and a freezer plate is located in a compartment under the starboard side forward seating. Refrigerator plates are installed in the cooler box under the forward console bench seat and in the drink box under the aft-facing cockpit bench seat. A retractable swim ladder and walk-through transom gate with a magnetic open keeper offer easy access to the water.

The yacht is equipped with Lumitec LED deck lighting in the hardtop, two battery chargers with a 30amp shore power plug, and high water alarms for safety. Mercury Fuel/Water separators, trim tabs, a Fortress anchor with nylon rode, and pop-up bow cleats and running lights are included. A stainless steel towing eye is factory installed just above the bow waterline. For electric reel enthusiasts, there are 3 Cristal Electric reel plugs under the gunwale, 2 aft and 1 forward, and 1 LP electric reel plug port aft. Glendinning Hosemaster retracting hose reels are located under the gunwale, and an EPIRB is included for emergency situations.

All hatches are gasketed with positive latches to ensure they stay dry, and all deck hatches have gutters and drains. The yacht features 3 livewells, a 60-gallon in the transom and two 80-gallon under deck, providing ample space for live bait. A full boat cover, from hardtop to gunwale, offers protection when not in use. The engines were installed in November 2021, ensuring modern performance and reliability.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
