OVERVIEW

The HCB 42 Lujo is a next generation center console where high-octane performance is married to bespoke luxury, offering the composure of a premium powerboat together with the adaptability of a superyacht tender. Its newly engineered hull and refreshed helm are appointed with three shadow gray ladder back captain's chairs, while a climate controlled cabin invites extended cruising and refined overnights with berths, an enclosed head, and a 24" TV. Finished in shadow gray from the hull sides to the underside of the hardtop, including the hardtop supports and engine cowlings, the Lujo presents a modern, streamlined silhouette that elevates every passage.

Designed for divers, cruisers, and serious anglers, this luxury center console is richly equipped for offshore sportfishing and expedition use. Fishing amenities include dual fishboxes with refrigerated chill plates, dual 45 gallon livewells plus a third baitwell at the transom framed by cushioned backrests, Gem Lux 18' telescoping outriggers, six rocket launchers, electric reel outlets, fresh and raw water washdowns, and dedicated dive tank storage in the lazarette. A side dive door eases water access and boarding, and a windlass with stainless steel anchor makes anchoring effortless—from reef dives to sandbar afternoons.

Comfort and style are equally deliberate: Bentley stitched cockpit upholstery and custom SeaDek flooring combine with a retractable aft sunshade, aft windblocker, and a clever retractable aft seat to maximize flexible deck space. A carbon fiber steering wheel and sporty helm aesthetics are complemented by helm and cabin air conditioning for reliable comfort in heat. Entertaining is seamless with a retractable bow table with cushion and removable backrest, twin Rigid coolers with cushions, dual forward mounted cockpit coolers, dual freshwater rain showers, and dramatic underwater lighting—four fixtures at the stern and two at the bow. Practical refinements such as Kahlenberg dual

air horns, a Cablemaster system, and a dedicated dive door underline the boat's premium, user friendly layout.

The electronics and systems package is expedition ready and thoughtfully integrated. Navigation is handled by Garmin with two 16" and two 12" displays, backed by a GSD 26 sounder, dual 1 kW Airmar low CHIRP transducers, side scan sonar, a 6' xHD2 12 kW open array radar, AIS, VHF, and autopilot. FLIR thermal night vision and a GOST security system extend safety and situational awareness after dark, while a Fusion Apollo head unit with SiriusXM drives a concert grade JL Audio system featuring 10 speakers and four subwoofers. A Seakeeper 3 gyro stabilizer keeps the yacht composed in a swell, whether trolling offshore or entertaining on the hook.

Propulsion is provided by triple Mercury Verado 600 outboards with only 76 hours, offering effortless command through joystick piloting and augmented by a bow thruster for precision handling. Lift kept, never fished, and still under factory warranty, this 42 Lujo presents in near new condition. Equally at home as a bluewater dayboat, offshore fishing platform, express cruiser, or high performance outboard center console, it is the ultimate crossover for owners who insist on sophistication, capability, and uncompromising style.
