DETAILED DESCRIPTION

Main description

Built upon Formula's acclaimed FAS3Tech twin-step hull, the 400 SSC offers a sublime blend of stability, efficiency, and silky-smooth performance while providing the generous living spaces and upscale appointments expected of a premier sport cruiser. Perfect for lively days at the sandbar, relaxed cruises with family and friends, or a spontaneous weekend getaway, this adaptable yacht is engineered to perform across the spectrum of leisure boating.

The cockpit is centered on Formula's SmartZone concept, unfolding a series of distinct yet seamlessly connected entertaining areas from bow to stern. Triple helm seating and sumptuous upholstery set a refined tone, while a fully equipped outdoor galley with an electric grill, an ample aft lounge, a retractable SureShade, and dedicated cockpit air conditioning create an environment of effortless comfort. Below decks, an elegantly finished cabin sleeps four with a forward dinette that converts to a berth, a private aft sleeping area, a thoughtfully arranged galley, an entertainment center, and an enclosed head featuring a VacuFlush system.

This particular Formula 400 SSC is outfitted with a roster of premium options to elevate onboard enjoyment and control, including Seakeeper 6 gyro stabilization, a Westerbeke generator, twin Raymarine Axiom XL 19-inch displays, a FLIR thermal camera, Starlink connectivity and a satellite TV system, a bow thruster, underwater lighting, a cockpit HDTV, and Mercury Joystick Piloting—making her exceptionally well equipped and ready for immediate exploration.

Features

Commanding the vessel from an advanced navigation station, the helm is fitted with a comprehensive suite of electronics—GPS, radar, a chart plotter, autopilot, depthsounder and a precision compass—ensuring surefooted navigation in every passage. Communications remain crystal clear via VHF and radio while onboard connectivity is maintained by Wi-Fi, and leisure is served through cockpit speakers, a DVD player, a flat screen TV and an additional TV set for uninterrupted entertainment.

Below decks, comfort and convenience are thoughtfully provided with heating, instant hot water, a microwave oven and a refrigerator to support extended stays aboard. Close quarters handling is made simple by a bow thruster, and practical systems include an electric bilge pump and an air compressor. The sanitary spaces feature both an electric head and a marine head, and electrical management is effortless thanks to a generator, shore power inlet and a battery charger. Ride comfort and seakeeping benefit from a Seakeeper as well as a gyroscopic stabilizer for exceptional steadiness underway.

Aft and on deck, relaxation is polished and inviting with cushioned seating around a welcoming cockpit table, complemented by a cockpit shower and a swimming ladder for easy water access. Deck operations are aided by an electric winch, while underwater lights create evocative evenings and operation is made intuitive through a touch screen. The vessel's walk-around layout ensures safe movement, and protection from sun and weather is provided by a hard top, a bimini top and a cockpit cover.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
