OVERVIEW

2026 HCB Lujo 42

Powered by quad Mercury V10 outboards and steadied by a Seakeeper DC3 gyro-stabilizer, this distinguished center console melds composure and raw power for a sublime, high-speed passage offshore. Conceived for the angler, diver, and cruiser alike, the Lujo 42 unites sportfish capability, sport yacht comfort, and luxury dayboat versatility into a single impeccably finished performance craft.

At the helm, joystick control and autopilot sit alongside a bow thruster and helm air-conditioning to create a confident, comfortable command station. A full Garmin suite—complete with AIS communication, XM Weather, and crisp side-scan sonar—sharpens navigation and situational awareness, while an upgraded stereo system fills the deck with rich, immersive sound. After-dark moments are enhanced by underwater lighting that casts a dramatic glow around every anchorage.

Refined touches signal the yacht's elevated character, from custom Bentley- or diamond-pattern stitching on the seating to a cockpit laid out for tournament-ready offshore fishing. Forward, a dozen gunwale rod holders keep lines organized; aft, seven transom holders expand spread options alongside outriggers for broad coverage. Practical comforts include port and starboard 28-qt transom cooler seats with cushions, and a full-length bench that incorporates a 20-gallon livewell and a removable seat. Entertaining is effortless thanks to a summer kitchen and removable grill, ideal for alfresco evenings or island lunches.

Brimming with thoughtful upgrades, this offshore fishing boat and walkaround-inspired day cruiser stands as the true king of center consoles—an elegant, athletic outboard-powered platform that transforms every run into a refined adventure.
