OVERVIEW

ON DISPLAY AT THE 2021 FORT LAUDERDALE INT'L BOAT SHOW

The 420 Boston Whaler Outrage radiates sophistication and assurance. This pristine 2016 edition appears as if it just left the showroom, featuring minimal engine hours and outstanding maintenance, always protected from the weather. Powered by four Mercury 350 engines, it achieves thrilling speeds up to 54 mph, and with automatic trim tabs, your voyage remains effortlessly smooth. Enjoy precious moments with loved ones on the spacious wraparound bow, embark on exciting fishing trips in the vast cockpit, and relish alfresco dining with the summer kitchen. Below deck, discover a cozy double berth, a fully equipped galley, and a roomy private shower. Whether your passion is fishing, cruising, or hosting, this yacht is the perfect choice for those seeking to purchase a yacht in the current boat location. Delve into yacht sales in the current boat location and experience the opulence of this remarkable vessel.

DETAILED DESCRIPTION

Cabin Interior

Enter the opulent cabin interior, where every element has been carefully designed to provide both comfort and ease. On the port side, a 120-V outlet is paired with 12-V USB charging ports on both the port and starboard sides, ensuring your devices remain charged. Entertainment is readily available with a 26" flat screen HDTV, while the 16,000 BTU air conditioner maintains the ideal cabin climate. Safety is a top priority, with a carbon monoxide detector installed for your peace of mind.

The cabin features a central vacuum system, complete with a hose and attachments, all neatly stored in a dedicated compartment. Natural light fills the space through console side windows, which include two opening port lights with shades for added privacy. The convertible double berth, equipped with a filler cushion, fitted sheet, comforter, and two standard-sized pillowcases, ensures restful sleep. For extra seating, a convertible pull-out settee is available, and the easy-to-clean interior materials make upkeep simple.

Storage is plentiful, with a hanging locker and space for up to four rods. The hardwood cabin floor adds a touch of sophistication, while hull side windows with shades provide both views and privacy. The lighting system is expertly crafted, featuring LED diffused courtesy lights in blue, overhead lights in white, and two LED reading lights for a cozy atmosphere.

A skylight with an integrated shade system enhances the cabin's airy ambiance. The advanced stereo system, integrated with FUSION® technology into the Raymarine Navigation Package, delivers an exceptional audio experience. It includes a FUSION® stereo with DVD/CD/AMFM/VHF, USB AUX input, and compatibility with iPod, iPhone, and Android via integrated Bluetooth. The system is ready for Sirius XM and includes stereo remote

controls at the helm and bow, MP3/Aux input, and JL Audio waterproof speakers strategically placed throughout the exterior and interior, featuring a 10" sub-woofer and two amplifiers.

A wooden table, which lowers to support a filler cushion for the forward double berth, adds versatility to the space. Completing the cabin's welcoming atmosphere are three throw pillows, adding a touch of homely comfort. This cabin interior exemplifies thoughtful design and luxurious living on the water.

Galley

The galley on this yacht seamlessly combines practicality with elegance, crafted to meet all your culinary desires while at sea. It includes both 120-V and 12-V outlets, allowing you to power all your kitchen gadgets effortlessly. A handy coffeemaker is ready to brew your morning coffee, and the microwave facilitates quick meal preparations. The stainless steel refrigerator/freezer, compatible with both 12-V and 120-V, offers generous storage of 1.7 cubic feet, ensuring your ingredients remain fresh and your drinks cool.

Clever storage solutions are woven throughout the galley, with dedicated spaces for dishes in a pull-out drawer beneath the sink and a cabinet above. The sink is a design marvel, featuring a solid surface countertop with an integrated cutting board, simplifying meal preparation. It comes with a faucet and is paired with a matching solid surface countertop, adding a touch of sophistication to the area.

A pull-out waste bin ensures that tidying up is as straightforward as cooking, while a stainless steel handrail offers safety and support as you move around the galley. This well-equipped area is crafted to make your time on the water as pleasant and convenient as possible, providing all the features of a modern kitchen in a sleek and compact design.

Head

The yacht's head is a haven of comfort and contemporary design, seamlessly merging practicality with luxury. An elegant accent wall sets a refined tone for the space. Central to the head is the electric Vacu-Flush® toilet, linked to a holding tank with a vent filter, overboard discharge, dockside pump-out, and a tank level indicator, ensuring both convenience and efficiency.

The enclosed shower is a highlight, featuring a rain shower head with hot and cold water options. A shower curtain shields the vanity area, allowing you to enjoy a refreshing shower without worrying about splashes. The floor is made of solid surface tile, providing durability and a touch of sophistication.

Lighting is provided by an LED overhead light, creating a bright and inviting ambiance. A full-length mirror enhances the sense of space and functionality, while an opening port light allows for natural airflow. Safety and stability are ensured with a stainless steel handrail, and a shower sump effectively handles water drainage.

The vanity area is both practical and elegant, with a solid surface pull-out countertop that extends for extra space when needed. The vanity includes a sink with a polished chrome faucet and a backlit mirror, adding a touch of elegance. Storage is plentiful, with dedicated vanity storage and a handy toilet paper holder, ensuring all essentials are easily accessible. This head is crafted to offer a luxurious and comfortable experience, making it an ideal retreat on the water.

Deck and cockpit

The deck and cockpit of this yacht are crafted with a focus on both elegance and utility, seamlessly merging style with functionality. The yacht features 10" stainless steel cleats, strategically positioned in the stern cockpit with gunnel board hawse pipes and in the anchor locker, ensuring secure mooring.

Additionally, 10" stainless steel pull-up cleats are situated at the bow, spring line, and transom, offering flexible docking options.

With an interior freeboard of 28", safety and comfort are at the forefront. The acrylic transom door, equipped with a stainless steel latch, provides easy access to the water, complemented by a boarding ladder at the transom. The anchor roller davit, made from stainless steel, is built for durability and ease of use, while the robust polished stainless steel bow tow eye adds strength.

The yacht proudly showcases the chrome Boston Whaler logo and model designation, a testament to quality and craftsmanship. Stainless steel drink holders are thoughtfully distributed throughout the vessel, including in the bow, hawse pipes, helm, console lounge, and leaning post, ensuring refreshments are always within reach. Full coaming bolsters and a sturdy rub rail enhance both comfort and protection.

Blue LED courtesy lighting bathes the cockpit in a welcoming glow. The livewell, located in the aft port corner, is pressurized and insulated, with a 24-gallon capacity, featuring a clear lid, blue interior, and red and white LED lights for optimal visibility. A molded fiberglass boarding/dive door on the port side, complete with a removable stainless steel dive ladder and dedicated storage, provides easy access for water activities.

Stainless steel rails are strategically placed throughout the cockpit, including toe rails, handrails at the companionway, boarding ladders, and prep station, as well as low-profile interior bow rails, ensuring safety and stability. The yacht is equipped with a variety of rod holders, including gunnel-mounted holders at the bow and aft cockpit, transom-mounted holders, and under-gunnel holders, catering to all fishing enthusiasts.

The self-bailing cockpit sole ensures easy maintenance, while the ship's bell adds a touch of nautical tradition. Under-gunnel storage shelves with downrigger weight holders offer additional storage solutions. The windlass, complete with a 400' rode and chain, handheld remote control, stainless steel

swivel, and a polished stainless steel anchor weighing 44 lbs, ensures secure anchoring. This deck and cockpit are meticulously designed to provide an unparalleled yachting experience, blending luxury with practicality.

Deluxe leaning post/bait prep center

The deluxe leaning post and bait prep center on this yacht exemplifies intelligent design and practicality, appealing to both avid anglers and those who value ease and comfort. Outfitted with two 120-V outlets, this area ensures all your electrical requirements are fulfilled. The bait prep section includes a cutting board, simplifying the preparation of bait or snacks, while two drink holders keep your beverages within easy reach.

An electric grill with a hinged solid surface lid offers a flexible cooking area, doubling as a countertop when not in use. The freshwater sink, equipped with both hot and cold water, enhances convenience, making clean-up effortless. The forward side of the prep station features a leaning post cushion that ingeniously transforms into a three-person bench seat, providing an additional row of seating for guests.

LED task lighting brightens the area, ensuring clear visibility during evening activities. The pressurized livewell, complete with a viewing window, clear lid, blue interior, and red and white LED lights, is ideal for keeping bait active and visible. A pump switch panel with a 12-V outlet enhances functionality, while a stainless steel grab rail offers safety and support.

On the starboard side, a stainless steel drawer refrigerator/freezer operates on both 12-V and 120-V, providing 2.3 cubic feet of storage for perishables. The solid surface countertop adds a touch of sophistication and utility. Storage options are plentiful, with a storage lid featuring tool holders, storage nets, and leader holders, along with three tackle storage drawers on the port side, ensuring all your fishing equipment is organized and easily accessible. This deluxe leaning post and bait prep center is crafted to elevate your yachting

experience, blending luxury with functionality.

Helm console

The helm console of this yacht exemplifies superior design and functionality, serving as a central command hub that is both intuitive and opulent. With dual A/C vents, the helm maintains a pleasant atmosphere for the captain, even on the hottest days. The central helm layout is enhanced by a precision compass and a dash visor, ensuring clear visibility and navigation.

Convenience is paramount, with two drink holders strategically positioned for easy reach. The electrical switch panel features stainless steel switches, each with illuminated text for effortless use. The console provides a generous electronics mounting area, accommodating up to three 15" displays for comprehensive monitoring and control.

For passenger comfort, a fold-down footrest is available on the port side, while the console itself includes a molded footrest with a fold-down standing platform, featuring a maintenance-free, anti-fatigue synthetic surface. The lockable acrylic sliding entry door, with a translucent skylight inset at the top, allows natural light to illuminate the area, enhancing the open feel of the helm. Security and connectivity are assured with a lockable glove box, which includes 12-V receptacles and a USB charging port. The Mercury DTS dual binnacle controls, with integrated engine trim controls, offer precise handling, while the Mercury SmartCraft Vessel View 7" color LCD display provides network connections to Raymarine with the Navigation Package, ensuring all essential information is readily accessible.

Safety is a top priority, with a stainless steel grab rail and a cast stainless steel steering wheel featuring a knob and tilt helm for optimal control. The FUSION® stereo system is equipped with a full-function remote control, allowing for seamless audio management. Remote ignition key switches are located in the

cabin, with pushbutton start/stop at the helm for added convenience.

A windshield defogger with remote shutoff control ensures clear visibility in all conditions. This helm console is crafted to deliver an unparalleled yachting experience, blending advanced technology with comfort and elegance.

Mechanical

The mechanical systems aboard this yacht are crafted to offer outstanding performance and dependability, ensuring a seamless and pleasurable journey on the water. Central to the system is the premium ACR spotlight, delivering excellent visibility for nighttime navigation. The sophisticated battery management system, with in-cabin electric switches and charging relays featuring remote paralleling, guarantees efficient power distribution and control.

Comfort is a top priority, with an 18,000 BTU reverse cycle air conditioner in the cabin and a 12,000 BTU unit on the helm deck, maintaining ideal temperatures throughout the yacht. The vessel is outfitted with seven battery trays, supporting its robust electrical framework. Safety is bolstered by a high water bilge pump with a 2,000 GPH capacity and automatic bilge pumps with capacities of 1,100 GPH forward and 2,000 GPH aft.

The yacht's bonding system for underwater through hull fittings ensures structural integrity, while the 6 kW bow thruster, complete with its own battery bank and charging system, offers precise maneuverability. For entertainment, a dockside cable TV inlet is available, and dual 30-amp shore power inlets with battery chargers, isolation transformers, and 50' shore power cords ensure seamless connectivity.

The mechanical configuration includes a dual sounder transducer mount area, an electric dual trumpet horn, and electric trim tabs with indicators, featuring auto glide, dynamic running surface, and dual ram capabilities. The freshwater

system is extensive, with a 60-gallon tank, hot and cold water systems, and multiple washdown options, including a freshwater anchor washdown with an integrated coiled hose system and a pull-out hot and cold transom shower.

Fueling the yacht are dual 300-gallon aluminum fuel tanks, while a low CO gas generator (10 kW) with a fire suppression system provides reliable power. LED lighting brightens the cockpit and machinery spaces, enhancing safety and visibility. The manifold plumbing system, with individual valves per circuit, ensures efficient water management.

Additional features include a raw-water washdown with a retractable hose reel at mid-ship, stainless steel propellers, and cast bronze and stainless steel thru hulls for durability. A water heater completes the comprehensive mechanical systems, ensuring all the comforts of home are available on the water. This yacht's mechanical systems are engineered to deliver unmatched performance, safety, and convenience.

Hardtop/windshield system

The hardtop and windshield system on this yacht represents a pinnacle of contemporary engineering, crafted to enhance both utility and visual appeal. The custom powder-coated frame is flawlessly integrated into the deck, offering clear and unobstructed pathways, ensuring effortless movement around the vessel. Above the helm, an electronics box with a secure locking latch provides safe storage for your navigational gear.

Accessing the hardtop is straightforward with a ladder built into the hardtop frame on the port side, allowing for safe and easy entry. The lighting system is extensive, featuring LED flood lights at the bow and in the cockpit, LED navigation lights, and overhead courtesy/chart lights in red and white. Additionally, blue LED overhead lighting adds a touch of sophistication to the atmosphere.

The open tempered side glass, paired with an upper removable rigid acrylic canvas curtain, offers both protection and adaptability. The system is ready for outriggers, appealing to fishing enthusiasts, with six rod holders integrated into the hardtop supports. For those desiring shade, the cockpit sunshade includes a telescoping polished stainless steel frame that retracts and extends electrically, covered with black Sunbrella® canvas for durability and elegance. The windshield is made from full tempered glass, reaching full height with an electrically actuated center vent for optimal airflow. A stainless steel pantograph windshield wiper with a wash system ensures clear visibility in all weather conditions. This hardtop and windshield system is crafted to deliver an unmatched yachting experience, blending state-of-the-art technology with a sleek design.

Seating

The seating configurations on this yacht are crafted to provide both adaptability and comfort, ensuring that every voyage is as pleasant as possible. At the front of the lounge, a flip-up backrest offers wraparound seating, creating a cozy and inclusive area for relaxation. The stern includes a fold-away bench seat, which can be easily tucked away to maximize deck space when not in use.

The forward console lounge is a sanctuary of comfort, featuring fold-down armrests, four drink holders, backrests, and a removable cushion, making it an ideal spot for lounging. Forward port and starboard seats are equipped with folding backrests and additional drink holders, along with a stereo remote and a 12-V outlet on the port side, ensuring entertainment and convenience are always within reach.

The helm area boasts three bolster-style seats, each with fold-down armrests for enhanced comfort. The center seat is electrically adjustable, allowing for easy customization, while the port and starboard seats can swivel to face the

rear, offering flexible seating arrangements. Additionally, the leaning post cushion on the forward side of the prep station transforms into a three-person bench seat, providing a second row of seating behind the helm.

This well-considered seating design ensures that whether you're navigating the open waters or anchored in a serene bay, you and your guests can unwind in style and comfort.

Storage exterior

The yacht's exterior storage solutions are meticulously crafted to optimize space and functionality, ensuring all your equipment is securely stored and easily accessible. At the stern, bilge storage offers ample room for essential gear, while the bow anchor locker, complete with drains, ensures your anchor is always ready for use.

On the fore deck, coaming storage pockets with acrylic doors on both port and starboard sides provide convenient access to frequently used items. Similarly, the helm deck area features coaming storage pockets with net retainers, keeping your belongings secure during your journey. The forward lounge area is equipped with versatile storage options, accommodating miscellaneous gear, fender storage, or even optional dive tank storage. An insulated built-in storage/cooler compartment at the forward end of the console lounge offers additional space for refreshments or gear.

The yacht features insulated in-floor fishboxes with drains on the helm deck, fore deck, and cockpit, ensuring your catch remains fresh and secure. The cockpit fishboxes also include a pump-out system for added convenience. Overhead, the hardtop storage compartment is designed for lifejacket storage, keeping safety equipment within easy reach. LED lighting in all storage compartments ensures visibility, even in low-light conditions.

For added security, a lockable electronics box is integrated into the hardtop,

and a lockable glove box provides a safe place for valuables. The prep station is equipped with a side pocket and storage drawers, offering organized space for all your preparation needs. Additionally, storage under the bow seating provides further options for stowing gear, ensuring that everything has its place on board. This comprehensive exterior storage system is designed to enhance your yachting experience, combining practicality with peace of mind.

Storage interior

The yacht's interior storage solutions are expertly crafted to optimize space and ensure all your belongings are neatly organized and easily accessible. Upon entering the companionway, you'll discover a convenient hanging locker, perfect for storing jackets and other garments. In the galley, a cabinet located behind the microwave offers additional storage, while a hinged lid integrated into the countertop reveals a hidden compartment, ideal for keeping kitchen essentials out of sight.

The galley also features a pull-out waste receptacle and dedicated dish storage, ensuring the area remains tidy and functional. In the head, cabinetry provides ample space for toiletries and other necessities, keeping the area free from clutter. Additionally, storage beneath the interior seating offers further options for stowing personal items, ensuring everything has its place on board. These thoughtfully designed interior storage solutions enhance the overall functionality and comfort of the yacht, allowing you to enjoy your time on the water without worrying about clutter.

Manufacturer provided description

With unparalleled comfort, remarkable capability, and a wealth of cutting-edge features, the Boston Whaler 420 Outrage distinguishes itself as a truly exceptional vessel. From the spacious bow, featuring innovative seating

configurations, to the elegantly designed, convertible helm and cockpit areas, every detail of this boat is crafted for onboard entertainment and leisurely cruising. Whether you're staying near the coast or exploring far-off waters, the 420 Outrage provides a gracious, well-appointed cabin that serves as an ideal retreat.

This yacht is perfect for those who cherish spending the day with family and friends, offering numerous inviting spaces to relax and unwind. Staying true to its Outrage heritage, it also excels in serious sport fishing, making it a versatile option for any aquatic adventure. The performance of the 420 Outrage is truly impressive, driven by quad Mercury Verado 300s with Joystick Piloting, delivering incredible power and precision.

The integration of Mercury's SmartCraft VesselView display, power steering, and digital throttle and shift systems ensures a sophisticated and seamless command experience. Furthermore, Whaler's innovative dynamic running surface hull technology, featuring automatically adjusting trim tabs, enhances ride quality to new heights. Step aboard the 420 Outrage and discover the future of boating, where luxury and performance are perfectly balanced.
