OVERVIEW

The Freeman 42LR melds an exquisitely finished, wide-open cockpit with the most generous fuel reserves offered to date. A preferred sportfishing yacht for long-range expeditions, this power catamaran with a center-console layout cruises effortlessly at 45 knots, ideal for reaching pristine offshore grounds. Designed for bluewater, class-leading performance, this luxury yacht delivers exceptional range and steadfast stability, allowing the 42LR to confidently outpace rivals far beyond the horizon.

DETAILED DESCRIPTION

Standard equipment

Command your day from a helm appointed with a plush helm cushion and matching backrest cushion, flanked by dedicated tackle storage to starboard and port; clever organization continues with a storage box on the aft side of the backrest and a lower aft storage drawer, while an elevated split cooler aft with 185 qts capacity keeps provisions at the ready. A 20-gallon freshwater washdown/shower and four stainless-steel cupholders add everyday comfort, and serious fishability comes via twin 510 quart gullwing coffin boxes served by an aluminum coffin box rod rack for five rods, plus a 500 qt below deck fishbox for the day's catch. Range and reliability are built in with an 800 gallon fuel capacity and Teleflex Optimus hydraulic power steering, and live bait stays lively in twin 50 gallon pressurized transom livewells complemented by a raw water washdown with two outlets and twenty Gemlux Bluewater gunnel rod holders. Seamanship details abound, from eight 10" stainless Gemlux pull up cleats to two round in deck insulated storage boxes of 280 qt each—each one upgradeable to a fully plumbed livewell—while LED navigation lights and a boarding ladder round out the standard specification.

Optional equipment

Elevate capability with a T Top frame with supports tied into the leaning post and a suite of purpose built hardware, including ten rod holders, Lumitec LED spreader lights, LED navigation lights, and mounting pads for accessories; the T Top is finished on both sides with a hull color gelcoat match on the underside, and it can be appointed with LED down and spreader lights, flush mounted 6.5" JL Audio speakers, and a custom fitted three sided polycarbonate enclosure with Weblon trim. For the offshore angler, T Top

outrigger bases and outrigger poles, custom livewells, tuna tubes, a transom rod rack, coaming bolsters, LED under gunwale lighting, and 12V electric reel/downrigger plugs expand your arsenal, while a Mercury electric steer sensor and an on board battery charger add confidence and convenience. Comfort options abound with custom contoured bolster seats available for the Deluxe leaning post, rear facing seats, double row seating, and flip down forward seating. Underwater lights add drama at dusk, and a horizontal windlass with stainless bow complements the JL Audio stereo system, turning every run into a refined experience, while a manual marine head with holding tank completes a bluewater ready specification. For quick deploys, a four rod rocket launcher keeps your spread organized and at hand.
