## OVERVIEW

---

Introducing the striking 2025 Cigarette 42 Auroris, a luxury center-console performance yacht that marries sculpted lines with uncompromising offshore capability. At 42 feet LOA, its hand-laid fiberglass construction and refined modified-V hull provide assured stability, crisp handling, and an exceptionally smooth ride. Propelled by quad Mercury Racing 500R outboards producing a combined 2,000 hp, it delivers blistering acceleration and exhilarating top-end speed for true powerboat enthusiasts. With only 32 hours on the clocks, the engines are barely run and poised to impress. Tailored for those who demand both sophistication and adrenaline, the 42 Auroris shines as a sport cruiser and offshore dayboat—equally at home on relaxed coastal runs or in high-velocity passages. For buyers seeking high performance with superyacht polish, this Cigarette fuses design, technology, and pace so every outing becomes unforgettable. Luxury yacht, performance boat, center console, sport cruiser, offshore powerboat, dayboat.

# DETAILED DESCRIPTION

---

## Hardtop

---

The four pillar hardtop is masterfully engineered to lower the center of gravity for sharper performance without sacrificing comfort or aesthetics, its form and function seamlessly balanced. Crafted entirely from carbon fiber, the structure reveals an elegant double curvature and a frameless clear laminated safety glass windscreen that delivers unwavering protection from the elements while preserving sightlines. Thoughtful integration is everywhere you look: powerful flood lights and boarding handrails are discreetly incorporated, ambient lighting sets a refined mood throughout, and when the sun is high a smoothly deploying telescopic sun shade extends to protect occupants with effortless grace.

## Helm details

---

The helm centers on three Garmin 8617 chartplotters, flush mounted into an instrument panel CNC cut from a solid block of aluminum to deliver both sculptural presence and absolute rigidity. Its nano coated face shrugs off heat, reflections, and fingerprints, preserving clarity in every condition, while an RGB LED accent glow traces the perimeter to create the striking illusion of a floating dash. Everyday ease is built in with cup holders and two glove boxes, stainless steel grab bars that inspire confidence, and an ergonomic CNC machined footrest that ensures unshakable comfort during extended passages.

## Systems

---

A seamless digital switching system lets you command almost any function of the 42' Auroris directly from the various Garmin multifunction displays,

consolidating control into a single, intuitive interface. Effortless, intuitive command spans the entire vessel, with features such as automatic sequential starting of the engines triggered by a single press of a button so that complex procedures become elegantly simple and reliably repeatable.

## Adjustable helm seats

---

Ergonomic helm seating is sculpted with multi-density foam to deliver enduring support and plush comfort optimized for long hours on the water. All three electric forward helm seats adjust independently, giving each occupant a personalized position, and the seat bottoms convert instantly into bolsters for confident stand-up running, so you can shift from relaxed cruising to focused command in a heartbeat.

## Lighting

---

All RGB ambient lighting is digitally orchestrated through the Garmin multifunction displays, powering LED illumination across the deck with virtually infinite color variation to suit every mood and moment. The experience extends beneath the surface via an underwater RGB system that sets an unforgettable nighttime mood, complemented by high-powered LED downlights integrated into the hardtop and focused red captain's lighting for optimal night-vision preservation and task illumination.

## Garmin package

---

The optimal Garmin Convenience package adds a crisp nine-inch multifunction display in both the aft conversational area and the bow, creating additional, perfectly positioned control points for digital switching, media, and navigation. Stay relaxed where you are—simply tap the screen and command

the vessel without moving from your seat.

## Layout

---

All new upholstery pairs multi-layered foams with intricately quilted patterns in Cigarette “Cool Touch” Fabric, a heat-resistant material that always feels comfortable to the touch and resists the harshness of marine sunlight. For effortless adaptability, the powered forward helm seats adjust independently and convert in moments from traditional seating to stand-up bolsters. Aft, rear-facing seats extend electronically to form an oversized sun lounge that blends indulgent comfort with showstopping style. Below, Auroris offers a spacious cabin with an enclosed head, plus a U-shape seating area and table that convert into a welcoming day bed, making the interior as versatile as it is refined.

## Disclaimer

---

The Company presents the particulars of this vessel in good faith but cannot guarantee or warrant the accuracy of this information, nor the vessel's condition. Buyers are encouraged to instruct their agents or surveyors to investigate details they wish to have verified. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
