DETAILED DESCRIPTION

Section name

This yacht offers a full suite of electronics and interior amenities, ensuring a luxurious and high-tech experience on the water. The electronic systems feature a modernized autopilot, GPS with 2021 charts, a Garmin radar, and a radio, equipping you with all the essential tools for navigation and communication.

Inside, the yacht is outfitted with equipment designed for ease and comfort. The battery charger powers five GR27 batteries for starting the house electric and generator, ensuring a dependable power source. The air conditioning system maintains a comfortable interior climate, while the hot water system, updated in 2023, ensures a constant supply of hot water. Culinary needs are catered to with a combination oven-stove and a microwave oven, and the marine head has been modernized in 2023 for enhanced functionality. A refrigerator is included to keep your supplies fresh.

The yacht's electrical setup includes a shore power inlet and a 7.5 KW generator, providing sufficient power for all your requirements. On the exterior, the yacht is fitted with an electric windlass, simplifying the anchoring process. For additional protection and comfort, the yacht is equipped with a Bimini top and a cockpit cover, ensuring readiness for various weather conditions. This yacht flawlessly combines technical features with luxury, making it an excellent choice for those who desire both performance and comfort on the water.
