OVERVIEW

Experience the Luxury of the 2002 Premium Yacht

Embark on a journey aboard this magnificent 42-foot premium yacht, a true standout in the yachting world, now available for purchase in the United States. With its sleek fiberglass construction and thoughtfully crafted interior, this vessel embodies elegance and comfort, ideal for those seeking a yacht that offers both excitement and tranquility.

Cruising at a speed of 20 knots, the robust twin Cummins diesel engines deliver a seamless and thrilling experience, reaching up to 22 knots at top speed. The yacht's substantial fuel capacity of 480 gallons supports long-distance journeys, making it perfect for those eager to explore the vast open waters.

The generous 14-foot beam provides plenty of space for hosting guests or enjoying peaceful solitude. With a draft of 12.03 feet, this yacht is engineered for stability and performance, allowing effortless navigation through both serene and challenging waters.

Inside, the yacht accommodates two comfortably, making it ideal for intimate retreats or romantic getaways. The two well-equipped heads offer convenience and privacy, ensuring you and your guests can savor every moment on board without compromise.

With a water capacity of 130 gallons, you can extend your time at sea, relishing the ocean's beauty without frequent refueling. Whether anchored in a hidden bay or cruising along the shore, this vessel perfectly balances luxury and practicality.

This yacht is more than just a vessel; it represents a lifestyle. With its sophisticated design and superior amenities, it stands out in the competitive yacht market. If you're exploring yacht sales in the current location, your

search ends here. This stunning yacht is ready to welcome you for unforgettable adventures on the water.

Seize the opportunity to own this extraordinary yacht. Embrace the sea's freedom and turn your dreams into reality. Contact us today to discover more about this exceptional yacht for sale and take the first step towards your next great adventure!

DETAILED DESCRIPTION

Section name

If you're in search of a spacious yacht with an exceptional layout and top-notch accommodations, the Maxum 4200 SCR is a must-see. Known as ZUZUBEM, this yacht has impressively low hours on its efficient Cummins 450C engines. It comes equipped with a new Northern Lights generator and has been maintained with meticulous care and no expense spared. Over the last two years, significant upgrades and replacements have been made to ensure optimal performance and comfort.

The yacht's hull has been treated with fresh bottom paint and prop-speed, complemented by a new compound and wax to preserve its immaculate condition. The aftercoolers on both the port and starboard sides have been rebuilt, and the exhaust tubes have been replaced. All hose clamps have been updated, and the starboard injection pump and injectors have been renewed. Additionally, the oil pressure senders have been replaced, and the fuel tanks have been thoroughly cleaned.

To guarantee reliability, all batteries have been replaced, and a new Precision battery charger has been installed. The actuator for the engine room hatch has also been replaced, and a new Northern Lights generator ensures consistent power supply. Comfort has been elevated with the installation of new air conditioners in both the salon and aft cabin, along with a new 16k BTU air conditioner for the cockpit.

For enhanced maneuverability, a new Vetus stern thruster has been installed, featuring a wireless remote that operates both the bow and stern thrusters. Entertainment has been upgraded with a new Fusion UD-750 deck in the cockpit. Lastly, a new head has been installed in the port side lavatory, ensuring that every detail of this yacht aligns with the highest standards of

luxury and functionality.

Electronics

The yacht boasts an extensive array of electronics crafted to elevate both navigation and entertainment on board. A VHF radio is installed to guarantee uninterrupted communication, keeping you connected at all times. The navigational suite includes a depthsounder, GPS, compass, plotter, and radar, all working in harmony to deliver accurate and dependable navigation. This system is further supported by repeaters, ensuring vital information is readily available from multiple locations on the yacht.

For entertainment, the yacht offers a wealth of options. A TV set and DVD player provide visual enjoyment, while a CD player and radio deliver diverse audio experiences. The auditory experience is further enhanced by premium cockpit speakers, allowing you to indulge in your favorite music while unwinding on deck. This comprehensive electronics package ensures that every voyage is both secure and pleasurable, meeting all your navigational and entertainment requirements.

Inside equipment

The yacht is outfitted with an array of advanced interior equipment crafted to elevate comfort and ease on board. Maneuverability is significantly enhanced by the inclusion of both a bow thruster and a stern thruster, enabling precise handling in confined docking scenarios. An electric bilge pump efficiently removes any excess water, ensuring a dry and secure environment.

For effective power management, a dependable battery charger is in place, keeping all systems fully functional. The onboard climate is expertly controlled with a comprehensive air conditioning and heating system, ensuring comfort regardless of the weather. Hot water is readily accessible, further enhancing

the onboard living experience.

The galley is thoughtfully equipped with a refrigerator and microwave oven, simplifying meal preparation. Additionally, the yacht includes an electric head, providing modern sanitation amenities. This collection of interior equipment guarantees that each voyage is as comfortable and enjoyable as possible, addressing all your needs while at sea.

Electrical equipment

The yacht is outfitted with crucial electrical systems that guarantee a steady power supply for all onboard operations. It features a shore power inlet, enabling connection to dockside power sources and ensuring a smooth switch to shore electricity when moored. This capability is especially beneficial for keeping batteries charged and running onboard amenities without depending solely on the yacht's internal power.

Moreover, the yacht is equipped with a generator, providing an autonomous power source while at sea or anchored away from shore facilities. This generator ensures that all electrical components, from lighting to appliances, function seamlessly and efficiently, delivering comfort and convenience no matter the location. Together, these electrical systems ensure that the yacht remains fully functional and comfortable, whether docked or navigating open waters.

Outside equipment/extras

The yacht is elegantly outfitted with exterior equipment and extras that elevate the onboard experience, making it ideal for leisure and relaxation. A thoughtfully designed cockpit table offers a perfect spot for dining or socializing, allowing guests to savor meals and drinks while admiring the surrounding scenery. The addition of a swimming ladder provides easy access

to the water, making it effortless to enjoy a refreshing swim or partake in water activities.

Furthermore, a cockpit shower is available, providing a convenient way to rinse off after swimming, ensuring both comfort and cleanliness. These features come together to create a welcoming outdoor space, perfect for entertaining or simply relishing the joys of being on the water. Whether you're hosting friends or enjoying a peaceful day at sea, the yacht's exterior equipment and extras guarantee a delightful and unforgettable experience.

Covers

The yacht comes with premium covers that offer both protection and comfort, enhancing the overall boating experience. A cockpit cover is provided, delivering crucial protection from the elements when the yacht is not in use. This cover preserves the condition of the cockpit area, safeguarding it from sun, rain, and debris, thus prolonging the life of the furnishings and equipment.

Moreover, the yacht is equipped with a Bimini top, which offers shade and shelter while cruising. This top is ideal for sunny days on the water, providing relief from the sun's rays and ensuring a more comfortable and enjoyable time on deck. Together, these covers ensure that the yacht stays in pristine condition and that your time on board is as enjoyable as possible, no matter the weather conditions.

Manufacturer provided description

The Maxum 4200 SCR is a triumph of design, where striking exterior lines are beautifully matched by a meticulously crafted interior. The galley boasts stunning teak and holly flooring, high-gloss finishes with cherry highlights, and Karadon solid surfaces, all complemented by UltraLeather throughout, offering

a luxurious ambiance. The lavish main stateroom is a sanctuary of comfort, featuring a queen-size bed with an innerspring mattress, an optional LCD with DVD, a private entrance to the head, ample custom storage, and thoughtfully placed amenities. All lighting in the staterooms is managed by an advanced European fixture and dimmer system.

The expansive mid-stateroom provides generous accommodations for guests, with twin beds that can be converted into a queen, ensuring both flexibility and comfort. The galley is well-equipped with a large, molded double sink, a custom Karadon countertop with a molded sea rail, and features a Ceran stovetop and microwave/convection oven. For wine lovers, the optional 18-bottle wine captain offers three-tiered controls to keep wines at the perfect temperature.

Entertainment is central to the Maxum 4200 SCR, with a built-in entertainment center that includes a Bose sound system, a 15-inch LCD TV, and a DVD player, facilitating luxurious gatherings. The exterior design is equally captivating, with Loden green side accents, sculpted lines, and a custom molded hardtop that gives the yacht a sleek and dynamic profile. The ergonomically designed helm, fitted with standard Mathers or Volvo electronic controls, maximizes visibility, while large side windows are seamlessly integrated into the fiberglass cockpit for a cohesive, molded look.

Every element, from the optional hydraulic swim platform to the high-performance leather wheel, illuminated switches, and the distinctive Maxum Radar Arch with integrated lighting and speakers, is crafted for comfort and style, enhancing this innovative design.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
