OVERVIEW

The Cabo 43 Flybridge delivers a rare fusion of economical efficiency and unbridled performance, her deep V hull and twin MAN V8 900s producing immediate throttle response, a fuel sensible cruise and exhilarating top end speed. Equally at home chasing billfish, enjoying family weekends or zipping between hotspots, she offers a well thought two stateroom layout with a midship full beam owner's cabin complete with ensuite head and 17" LCD TV, plus a forward double guest cabin. Cherished by a single owner and serviced diligently at the same yard since new, she presents as the finest 40 foot sportfisher on the market today. Equipment highlights include a 12.6 kW Westerbeke diesel generator, West Coast-style aluminum handrails, a stern platform with stainless ladder plus a removable carbon swim platform engraved with the vessel's name, 220V/50Hz conversion, dedicated engine instrumentation and an auxiliary electronics distribution panel, twin separator filters, a pair of PipeWelders 32' outriggers, a 4.5 m inflatable tender for four with a 6 hp Honda outboard, a Mastervolt Mass 24/2500 inverter supported by six Mastervolt 100A batteries, life raft, bow thruster and Raymarine satellite.
