OVERVIEW

This exquisite 2006 Cabo 43 Fly combines graceful lines with seaworthy engineering, its deep V hull cutting cleanly through swells while twin, upgraded MAN V8 900 engines deliver confident, responsive power. Kept by a sole owner and presented in pristine condition, every service has been carried out at the same reputable shipyard, a continuity of care that shows in her finish and mechanical integrity.

A true Sportfish in spirit and capability, she marries efficiency with performance, equally at home on serious fishing excursions, relaxed coastal cruising, or when asked to stretch into higher speeds. The interior plan is practical and inviting, offering two cabins: a spacious Master cabin located amidship with an ensuite head, and a cozy Double guest cabin at the bow. As a 40ft sportfisher she stands out as the premier choice for anyone looking to buy a yacht in the current boat location and remains a top contender on the yacht sales market, an ideal vessel for seasoned anglers and cruising enthusiasts alike.

DETAILED DESCRIPTION

Saloon

The saloon of this yacht is a perfect blend of luxury and functionality, designed to provide the utmost comfort and convenience. As you step inside, you are greeted by the elegance of teak flooring, which adds a touch of sophistication to the space. The climate is always perfect, thanks to the integrated air conditioning and heating system, ensuring a comfortable environment regardless of the weather outside. The saloon features an L-shaped sofa with ample storage, offering both a cozy seating area and a practical solution for keeping the space tidy. Adjacent to the sofa is a large dinette with L-lounge seating, perfect for enjoying meals or entertaining guests. For entertainment, a flat-screen TV is strategically placed for optimal viewing, complemented by a high-quality stereo system that fills the room with your favorite tunes. Practicality is not overlooked, as the saloon also includes a combo washer/dryer conveniently located under the steps, making laundry tasks a breeze during extended voyages. Additionally, there is ample storage throughout the saloon, ensuring that everything you need is within easy reach. This space is thoughtfully designed to cater to all your needs, making it a true home away from home on the water.

Galley

The galley of this yacht is a masterclass in efficient design and modern convenience, ensuring that every culinary need is met with style and ease. The space is elegantly appointed with teak flooring, which not only adds a touch of luxury but also provides durability and ease of maintenance. At the heart of the galley is a 220V refrigerator with freezer compartments, offering ample space to store fresh ingredients and frozen goods for your journey. Cooking is

a pleasure with the two-burner ceramic stove top, which provides precise heat control for preparing meals. Complementing this is a microwave, perfect for quick heating and meal preparation. The galley is also equipped with a sink and faucet, making clean-up straightforward and efficient. Storage solutions are thoughtfully integrated throughout the galley, ensuring that all your cooking essentials are neatly organized and easily accessible. This well-appointed galley is designed to make onboard cooking a delightful experience, whether you're preparing a simple snack or a gourmet meal.

Master stateroom

The master stateroom of this yacht is a sanctuary of comfort and elegance, designed to provide a restful retreat on the water. At its heart is a large berth, offering ample space for relaxation and a peaceful night's sleep. The stateroom is equipped with an ensuite head, complete with a shower and wash basin, ensuring privacy and convenience for its occupants. Climate control is seamlessly integrated with air conditioning and heating, allowing you to maintain the perfect temperature regardless of the season. Entertainment is at your fingertips with a 17" LCD TV, providing a variety of viewing options to unwind after a day of adventure. Thoughtfully designed storage solutions are incorporated throughout the stateroom, ensuring that all personal belongings are neatly organized and easily accessible. This master stateroom is a perfect blend of luxury and practicality, offering a serene escape on the high seas.

Guest stateroom

The guest stateroom on this yacht is thoughtfully designed to maximize space and comfort, making it an ideal retreat for visitors. It features a unique three-bunk configuration, with two upper bunks and one lower bunk, providing flexible sleeping arrangements for guests. This innovative layout

ensures that the stateroom can comfortably accommodate multiple guests, making it perfect for families or groups of friends. Ample storage solutions are seamlessly integrated into the design, allowing guests to keep their belongings organized and out of sight. The stateroom also includes a separate head, complete with a shower and washbasin, offering convenience and privacy for guests. This well-appointed guest stateroom combines practicality with comfort, ensuring that all visitors enjoy a pleasant and restful stay on board.

Cockpit / bridge

The cockpit and bridge of this yacht are designed to offer both functionality and leisure, making them standout features of the vessel. The cockpit is impressively spacious for a boat of this size, providing ample room for relaxation and socializing. It is elegantly finished with teak, which extends into the band field, adding a touch of sophistication and durability to the area. For added convenience, the cockpit is equipped with a hot and cold manual shower, allowing for a refreshing rinse after a swim or a day in the sun. On the bridge, entertainment is at your fingertips with an AM/FM stereo and CD player, ensuring that your favorite music can accompany you as you navigate the open waters. This combination of practical features and luxurious touches makes the cockpit and bridge a perfect space for both entertaining and unwinding.

Options included

This yacht comes equipped with an impressive array of options that enhance both its functionality and luxury. At the heart of its power system is a 12.6 kW Westerbeke diesel generator, ensuring reliable energy supply for all onboard systems. The yacht features aluminum handrails in a distinctive West Coast style, adding both safety and aesthetic appeal. A stern platform with a stainless

steel ladder provides easy access to the water, while the carbon removable swim platform, complete with the boat's name engraving, adds a personalized touch. The yacht is equipped with a 220V 50Hz conversion system, making it adaptable to various electrical standards. The instrument panel on the engines and the auxiliary electronics distribution panel ensure seamless operation and control. Double separator filters are included for enhanced engine performance and reliability. For those who enjoy exploring beyond the yacht, an inflatable 4.5-meter dinghy with a Honda 6hp engine is included, accommodating up to four people. The yacht also features 32-foot outrigger pipe welders, expanding its capabilities for fishing enthusiasts. The inverter Mastervolt Mass 24/2500, along with six Mastervolt 100A batteries, provides robust power management. Safety and convenience are further enhanced with a life raft and a bow thruster, ensuring ease of maneuverability. The Raymarine satellite system offers advanced navigation and communication capabilities, making every journey smooth and connected. These thoughtfully included options make this yacht a versatile and luxurious choice for any seafaring adventure.

Electronics

The electronics suite on this yacht is equipped with state-of-the-art technology, ensuring superior navigation and communication capabilities. At the core of this system is the Navnet TZT2 15 Multifunction display, which provides comprehensive control and monitoring of all navigational data.

Complementing this is a remote control feature, allowing for convenient operation from various locations on the yacht. For precise depth measurement, the yacht is equipped with the Furuno 1150FCV echo sounder, paired with the Arimar 2KW R109LHW and Arima 1KW B165W probes, offering exceptional accuracy and reliability. The Furuno 6KW radar, model M1944C, ensures excellent detection and tracking of nearby vessels and obstacles,

enhancing safety during navigation. The chartplotter, a Furuno 10.4" model GD-1920C, provides detailed and accurate charting, making route planning and navigation straightforward and efficient. Communication is handled by the Furuno VHF model FM-2721, ensuring clear and reliable contact with other vessels and maritime authorities. Additionally, the Furuno autopilot, model NAV-500, offers precise and automated steering, reducing the workload on the crew and enhancing the overall cruising experience. This comprehensive electronics package ensures that every journey is safe, efficient, and enjoyable.

Description

This 2006 Cabo 43 Fly is a remarkable yacht that combines speed, comfort, and versatility, making it an exceptional choice for any seafaring enthusiast. Featuring a deep V hull and powered by two upgraded MAN V8 900 engines, this yacht is designed to perform exceptionally well even in the choppiest of seas, ensuring a smooth and comfortable ride. The yacht has been meticulously maintained by its sole owner, with all maintenance carried out at the same shipyard, preserving its immaculate condition. As a fantastic sportfish yacht, it seamlessly blends efficiency and performance, making it equally suitable for fishing, cruising, or reaching maximum speeds. The clever layout includes two cabins: a master cabin amidship with an ensuite head, and a double guest cabin forward, offering ample space and privacy for all aboard. This thoughtful design makes the Cabo 43 Fly the best option on the market for those seeking a fresh 40-foot sportfisher. Whether you're an avid angler or a cruising enthusiast, this yacht promises to deliver an unparalleled experience on the water.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide.
