DETAILED DESCRIPTION

Features

This yacht is a masterpiece of engineering and design, driven by two robust Volvo Penta D6 440 HP diesel engines that deliver an ideal balance of power and efficiency for open-water cruising, while a bow thruster ensures effortless precision when docking and navigating tight spaces. Entertainment aboard is exceptional thanks to eight JL Audio M3 speakers, a subwoofer and two amplifiers that create an immersive soundstage whether you are hosting friends or savoring a quiet evening at sea. The cockpit is sheltered by a Bimini canopy that provides cooling shade and elegance, and the outdoor kitchen—complete with refrigerator, sink and a Teppanyaki grill—turns al fresco dining into a gourmet experience beneath sun or stars. An integrated swim platform with a retractable ladder invites easy access to the water, and interior comfort is assured with air conditioning and an ice maker to keep refreshments perfectly chilled. Self-sufficiency is built in with a ten kilowatt diesel generator with inverter and two lithium batteries each with a 5.5 kWh capacity for extended autonomy, while a tender garage houses a 2.6 meter tender equipped with a Torqeedo electric outboard for effortless shore excursions. The yacht's elegant yet sporty lines are more than aesthetic: they reflect a commitment to performance, luxury and thoughtful functionality that will satisfy the most discerning yachting enthusiasts.
