OVERVIEW

EVO 43 R4WA – 2025 | Available for Purchase in Dubai | €1,250,000 | VAT & Import Duty Settled | 1-Year Guarantee

The 2025 EVO 43 R4WA is a cutting-edge walkaround yacht that marries contemporary elegance with practical ingenuity. Born of bold Italian design, it presents a transformative beach platform that extends by 40% at the touch of a button and a powerful twin IPS Volvo Penta propulsion package capable of delivering speeds up to 38 knots. Built for both spirited cruising and refined living, the yacht features hydraulic XTensions bulwarks, a configurable T-Top, a carbon-fiber helm station, and warm teak decking underfoot. A Gyro stabilizer ensures serene motion, while bright, streamlined interiors are washed in natural light. Fully equipped and ready to sail from its current location, this vessel is an ideal choice for buyers seeking innovation, speed, and sophistication.

DETAILED DESCRIPTION

Evo 43 R4WA – 2025 | For sale

The 2025 Evo 43 R4WA is a masterpiece of modern Italian yacht design, where elegance seamlessly merges with cutting edge innovation to deliver an uncompromising on water experience. Crafted by Evo Yachts, this 43 foot walkaround is engineered to push the boundaries of performance and style, presenting a sleek, minimalist profile driven by hydraulic ingenuity and purposeful detailing. At its heart a revolutionary three dimensional bow houses a generous forward sundeck, while the walkaround layout ensures effortless flow from bow to stern and fluid interaction with every social and relaxation area; clean lines and flush decks conceal anchor storage, shower systems and fenders to preserve the yacht's striking silhouette. One of the Evo 43 R4WA's most compelling innovations is the transformative beach area: Evo's signature XTensions bulwarks extend outward with the push of a button, increasing the beach footprint by an impressive 40 percent and creating a sprawling 270 square foot private terrace over the sea in just 30 seconds, perfect for sunbathing, entertaining or launching water toys. Inside, a light filled open plan cabin showcases intelligent space planning and refined finishes, where a convertible dinette becomes a second berth to complement the private cabin and together accommodate up to four guests, while cleverly integrated storage and abundant natural light enhance comfort for weekend escapes or extended cruising. The shaded cockpit benefits from a customizable T Top for protection during long sunny days and the galley is equipped for gourmet alfresco dining with Teppanyaki plates, barbecue and induction hobs, all set against the warm practicality of teak decking. Propulsion comes from twin Volvo Penta IPS 435 HP engines delivering a top speed of 38 knots and a comfortable cruising speed of 26 knots, with joystick control for

precise handling in tight marinas and a Gyro stabilizer for smooth passages in varying sea states; the fiberglass hull combines lightweight efficiency with robust strength and durability. Delivered with VAT and import duty fully paid and based in Dubai, this Evo 43 R4WA represents a rare turnkey opportunity, offered with a one year factory warranty for immediate peace of mind. The yacht measures 43.25 feet length overall with a beam of 14.42 feet and a draft of 2.8 feet, carries 1,200 liters of fuel, features two cabins and accommodates four guests plus two crew members.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
