DETAILED DESCRIPTION

Section name

The Fairline Targa 45 Open seamlessly combines power, adaptability, and luxury, making it a perfect choice for yacht aficionados who value both performance and elegance. Outfitted with twin Volvo Penta D6-IPS 650 engines, it delivers strong and dependable performance on the water. The Targa 45 Open radiates a hint of Riviera charm with its streamlined design and low-profile silhouette, presenting a sporty yet refined appearance that captures attention in any marina. Crafted for those with a passion for exploration, this yacht is ideal for anchoring at any hour, anywhere across the globe. Whether navigating coastal waters or anchored in a hidden cove, the Targa 45 Open offers a lavish and comfortable experience. Its spacious interior and premium finishes create a welcoming ambiance, while its advanced engineering guarantees a smooth and pleasurable journey. Merging state-of-the-art technology with sophisticated design, the Fairline Targa 45 Open is more than just a yacht; it is a testament to style and performance. Whether hosting guests or savoring a peaceful day at sea, this yacht provides everything needed for an unforgettable adventure.

Overview

The Fairline Targa 45 Open is a yacht that perfectly embodies luxury and high performance, offering a range of features tailored for the discerning yacht lover. At its core are the robust Twin Volvo Penta IPS 650 D6-480 engines, delivering a total of 960HP for an exhilarating experience on the water. The yacht's design includes a 2 Cabin Mid Master layout, ensuring ample space and comfort for long voyages.

Inside, the Targa 45 Open features a convertible bed in the lower saloon with a manual pedestal, and a sliding scissor berth in the forward cabin, providing flexible sleeping options. The exterior is finished in immaculate white, accented by a black antifoul and a silver/graphite waterline stripe, enhancing its sleek and contemporary look. The Sleipner bow thruster and dynamic positioning system provide exceptional maneuverability, while the Garmin GC10 camera offers visibility from the engine room to the cockpit.

Navigation is simplified with the Garmin 12" GPS chartplotter touch screen display, and the yacht is equipped with conduits and pull cords strategically placed to the helm, saloon, and lower deck. The Fusion Plus audio and visual system ensures entertainment is always available, and the tropical/high capacity AC system extends to the cockpit for maximum comfort.

The cockpit is adorned with teak flooring and a teak table, featuring fresh water deck wash outlets and a submersible bathing platform with a 400KG lift capacity. The integrated cockpit bar includes a fridge, griddle, and icemaker, ideal for entertaining. Lumishore underwater transom lights and exterior mood lighting in white create an inviting ambiance, while interior mood lighting and a skylight with an integrated blind in the lower saloon add to the luxurious feel.

Practical features include a toilet/bidet in the heads, a navy cockpit canopy, mosquito screens for opening portholes, and UV heat reduction ceramic film on the side windows and windscreen. A blackout windscreen cover and an English owner's manual are also provided. The decor is finished in a sophisticated walnut satin.

On deck, the yacht is equipped with an anchor winch and control, a calibrated galvanized anchor chain, and a chain stopper. A carbon fiber ensign staff, six fenders, and a full set of IMCO navigation lights are included. The garage is designed to fit a William 280 Minijet, and a hot and cold water transom shower is available for convenience. The deck features a molded non-slip surface, a

riding light, and a rubbing strake, with a self-stowing Delta anchor and stainless steel fittings throughout.

The helm is a hub of technology, featuring an autopilot, bilge pump switches with warning lights and alarms, and twin helm seats. The electric single-lever throttle and gear controls, folding foot plinth, and full digital engine instrumentation ensure a seamless piloting experience. The Garmin GMI 20 instrument display, VHF marine radio, and high-speed magnetic compass provide essential navigation tools, while the IPS joystick and remote anchor winch controls offer precise control. Additional features include a searchlight control, USB socket, and a Volvo 7" diagnostic display.

In the cockpit, amenities such as a boat hook, canopy, cup holders, and engine room access hatch are provided. Fender stowage, a fixed height GRP table, and Fusion Apollo audio system enhance the space, along with life raft stowage, manual bilge pumps, and mooring lines. The molded non-slip deck surface and step for side deck access ensure safety, while the transom gate and under-seat storage offer practicality. Waterproof speakers and a wet bar with a sink complete the cockpit's offerings.

The galley is well-appointed with a ceramic hob, crockery and cutlery for six, and an electric control panel. An extractor fan, eye-level storage lockers, and a fire extinguisher are included, along with a fridge/freezer and integrated waste bin. LED ceiling lights, a microwave combi oven, and a sink with hot and cold mixer tap provide convenience, while a smoke alarm, solid surface worktop, and underfloor larder add to the functionality. A Venetian blind offers privacy and style.

In the saloon, access to the day head, eye-level storage lockers, and a first aid kit are available. A fixed height dining table, LED ceiling lights, and lighting to stair risers create a welcoming atmosphere. The sofa with storage underneath, timber floor, and Venetian blind add to the comfort and elegance of the space. The cabins are designed for relaxation, featuring bedding, bedside tables, and

carpet. A double bed, Fusion Apollo audio system, and LED ceiling lights provide comfort, while reading lights and storage drawers under the bed offer practicality. A TV is available when the cabin is selected as the master, and the upholstered bedhead and surround, along with Venetian blinds and wardrobes, complete the luxurious accommodations.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
