# DETAILED DESCRIPTION

---

## Section name

---

Step aboard the Formula 430 Super Sport Crossover, a groundbreaking design set to redefine the world of performance boating. This extraordinary craft merges the assured handling of Formula's sleek Super Sport series with the open bow and cabin features derived from their unmatched Crossover Bowrider. It further integrates the agile adaptability of a flush cockpit center console outboard. The outcome is the game-changing 430 SSC, an innovative journey where boaters can truly enjoy the finest aspects of all boating worlds. For those searching for a 43-foot crossover vessel, opting for just any outboard crossover won't do. Discerning buyers, like yourself, demand the finest crossover boat on the market. This is exactly what the Formula 430 Super Sport Crossover provides—the ultimate sport crossover boat available anywhere. With its cutting-edge design and outstanding performance, this vessel distinguishes itself as a frontrunner in its category, delivering an unmatched boating experience that fulfills the aspirations of the most discerning enthusiasts.

## Overview

---

The Formula 430 Super Sport Crossover boasts the formidable Merc Racing Quad 450R JPO engines, which have logged around 200 hours. These engines are not only robust but also visually captivating, adorned with a multi-hued cowl featuring silver diamond accents and a bold deep red stripe. The cowl is further embellished with a dark charcoal metallic flagship fusion graphic, seamlessly transitioning to silver diamond metallic. The design is rounded off with black onyx metallic and dark charcoal metallic dash panels, enhanced by a

charcoal dash gel.

Within the cockpit, anthracite Corian surfaces offer a sleek, contemporary aesthetic, while the Moondust base vinyl and liquid silver main accents infuse a sense of luxury. The seating is crafted for both comfort and elegance, featuring charcoal accent and lower piping, mid seats in diamonds white, and headrests also in diamonds white. The alcove is styled in Nexus flat black, with decor finished in Stone Harbor on a gray base. The cabin seating is upholstered in ice UL, and the woodgrain floor in the cabin is a gray wash, with open-grain Ravenwood doors adding a touch of sophistication. The Corian surfaces in the cabin are completed in gray onyx.

The yacht is outfitted with cutting-edge technology, including a chart/marine radar with dual Axiom XL 24 displays, a Raymarine 1000W CHIRP transducer, and a FLIR M332 thermal camera. For enhanced security, a premium theft deterrent system is installed, and for entertainment, Sirius Weather and US maps are accessible. The shore power system functions on 120/240V, and the cockpit is equipped with an HDTV and Blu-ray player, along with a satellite TV HD system TV3. A Keurig coffee maker is also provided for added convenience. The aft cockpit features a cooler fridge/freezer coil, a 240V electric grill, and a Seakeeper 6 gyro stabilizer for a smooth journey. A Raymarine CAM210IP rear-facing camera enhances visibility. The yacht also includes a vacuum head with a holding tank and macerator, an electronic security safe, and a TracPhone LTE-1 WiFi hotspot. For docking, there are bow docking lights, a tow eye with a shackle guard, and fender clips. The windshield is full glass with side wings, and a VHF radio with motorized antennas ensures clear communication. For those passionate about water sports, there are racks for stand-up paddleboards and a swim platform sport station with drink holders. The vent cap is equipped with four drink holders and a rod holder, and the cockpit/swim area is finished in dolphin gray and white vinyl. The yacht comes with a standard black SureShade, a standard black aft enclosure, and a black bow

cockpit cover. The bow cockpit seating cover completes the ensemble, ensuring every detail is crafted for both practicality and elegance.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
