OVERVIEW

Experience the allure of this remarkable Munro yacht, crafted from sturdy fiberglass and powered by a robust Detroit Diesel 871 engine with a dry stack exhaust. This yacht available for purchase features an Allison 2:1 gearbox, a strong 200 amp alternator, and substantial fuel storage with 400 gallons of fuel and 200 gallons of fresh water. The kitchen area includes a propane stove and oven, enhanced by a tankless water heater, ideal for long journeys. Inside, you'll find a newly designed v-berth with plush mattresses and ample storage throughout. With four new 8D batteries, a bilge alarm, and dependable bilge pumps, this yacht offers safety and ease on the water. It is equipped with two anchors, 1200 feet of rope, anchor balls, and spare starter and alternator.

This vessel is crafted to last, and replicating its quality would exceed \$250,000. In 2020, the yacht underwent a comprehensive overhaul, stripped to its stringers from bow to stern, and rebuilt with brand-new bulkheads and structural beams. The decks have been renewed, and new aluminum hatches, fuel and water tanks, and wiring switches have been installed, along with a new 4000-pound fish box.

Outfitted with state-of-the-art technology, this yacht includes a Furuno 1870 F combo chartplotter and fish finder, a Furuno 292, two new 1kW transducers, JRC RADAR, COMNAV AUTO PILOT, and satellite radio. With four new 8D batteries, this yacht is fully prepared for your next journey. Explore yacht sales at the current boat location and seize the chance to own a yacht that blends luxury, resilience, and modern technology.
