OVERVIEW

EVO's first day-cruiser exudes sophistication with its vast walkable area encircling the helm and its distinctive extendable sun deck.

Reminiscent of a high-end sports car, the R4 Walkaround takes cues from the automotive world, featuring standout components that accentuate its bold silhouette, such as a sturdy steel T-Top and streamlined carbon air intakes along the hull. The console effortlessly merges all controls and navigation systems, including a steering wheel, a Volvo Penta IPS joystick, and two 12-inch touchscreens, offering an exciting driving experience.

The bow is a marvel of craftsmanship, providing a spacious sunbathing zone with luxurious cushions for two, high-quality speakers integrated into the windscreen, and a walkable surface that invites you to admire the sea from multiple angles. A hydraulic hatch cleverly hides the anchor, fenders, and even a handy hand shower, ensuring practicality without sacrificing style.

The T-Top and awnings offer a shaded haven for the dining area and the customizable kitchen, which can be fitted with induction hobs, a Teppanyaki grill, or a barbecue, along with a 180-liter icebox for your beverages.

With a simple touch, the beach area enlarges by more than 40% thanks to the hydraulic XTensions bulwarks, turning the ordinary into an extraordinary 270 square foot space that you can tailor by rearranging the elements to fit your preferences.

The Transformer platform brings you closer to the water, creating a breathtaking terrace for relaxation and enjoyment.

Beneath the surface, the robust Volvo Penta IPS 600 engines (2 x 435 hp) paired with an 18-degree deadrise hull angle drive the EVO WA to an exhilarating top speed of 38 knots and a leisurely cruising speed of 28 knots.

This yacht for sale is a true treasure in the current boat location, ideal for those

DETAILED DESCRIPTION

Section name

The EVO R4 Walkaround is a stunning example of contemporary marine design, effortlessly merging the sleek lines of a sports car with the practicality of a day-cruiser. This yacht features an expansive walkable area around the helm, enhanced by its signature extendable sun deck, providing ample space for leisure and relaxation. Inspired by the automotive industry, the R4 Walkaround showcases a striking silhouette, highlighted by a robust steel T-Top and carbon air intakes on either side of the hull. The console seamlessly incorporates all controls and navigation systems, including a steering wheel, a Volvo Penta IPS joystick, and dual 12-inch touchscreens, offering an exhilarating steering experience.

The intricately designed bow is a masterpiece, offering a generous sunbathing area with plush cushions for two, premium speakers embedded in the windscreen, and a hydraulic hatch that discreetly hides the anchor, fenders, and even a hand shower. The expansive walkable surface provides stunning views of the sea from multiple angles. The T-Top and awnings offer ample shade to the dining area and the customizable kitchen, which can be outfitted with induction hobs, a Teppanyaki grill, or a barbecue, along with a 180-liter icebox.

With a simple touch, the beach area can be expanded by 40% thanks to the hydraulic XTensions bulwarks, transforming the ordinary into a 270 square foot beach area that can be customized to your preferences. The Transformer platform adds an extra layer of luxury, creating a striking terrace that brings you even closer to the water. Beneath the surface, the powerful Volvo Penta IPS 600 engines, each producing 435 horsepower, combined with the 18-degree deadrise angle of the hull, propel the EVO WA to a top speed of 38

knots and a cruising speed of 28 knots, ensuring an exciting yet smooth journey.

Specification

This yacht is an extraordinary fusion of strength and sophistication, crafted to deliver an unmatched experience on the water. Capable of reaching a top speed of 32 knots, it offers exhilarating journeys while ensuring a smooth and steady voyage. Measuring up to 43 feet in length, this vessel provides generous space for both comfort and opulence. Its propulsion system, boasting an impressive 870 horsepower, guarantees that the yacht operates with both power and efficiency.

A key highlight is the extendable surface, which can increase by 40%, providing extra room for leisure and entertainment. This feature makes it ideal for social gatherings, as it can easily host up to 12 guests on board. With a fuel tank capacity of 264 gallons, the yacht is well-suited for long voyages without the need for frequent refueling, ensuring your adventures remain uninterrupted. Every aspect of this yacht is meticulously designed to elevate your experience, blending technical prowess with luxurious comfort, making it the perfect choice for those who desire both performance and elegance on the open sea.
