DETAILED DESCRIPTION

Electronics / electrical

Power and situational awareness are anchored by an 11 kW diesel generator delivering 120/240V service, which feeds a fully integrated Raymarine navigation suite with radar, autopilot, depth sounder and fish finder to keep you confidently on course in any conditions. Communication and entertainment are crystal clear thanks to a Rockford Fosgate stereo system and a VHF radio, while an ACR LED searchlight, a FLIR night vision system and a precise compass extend your capability and confidence when the sun goes down. Added options elevate the suite with triple gS165 chartplotter/HD radar, a Raymarine 1,000 W CHIRP transducer, Sirius Weather and UP MAPS for richer forecasting and charting, a Satellite TV HD system TV3 for underway entertainment, plus a Raymarine AIS650 and hailer for enhanced traffic awareness and calling.

Helm and cockpit

At the helm, Mercury digital throttle and joystick piloting for the outboards with Active Trim deliver fingertip control, complemented by 30,000 BTU air conditioning and bow thruster control for effortless low-speed handling. Triple helm seats offer sit-stand or relax positions with powered, adjustable triple footrests, set before a leather-wrapped stainless-steel tilt wheel and a dash with lockable storage. A standard concealed, electric retractable sun shade and a standard aft cockpit enclosure create a cool, protected social zone, while a large U-shaped lounge converts to a sun pad via electrically actuated tables and filler cushions. Woodgrain vinyl decking refines the swim platform and cockpit tables with a warm, low-maintenance finish. Added options include an automatic outboard flushing system, 120/240V shorepower, an additional

3,000 BTU 240V cockpit A/C, and a Seakeeper 6 gyro stabilizer for remarkable steadiness at rest and underway. Entertaining is effortless with a 240V aft-cockpit electric grill and white speaker covers, and style meets safety with bow docking lights, a tow eye with shackle guard, fender clips and windshield full side wings. Atmosphere and adventure are enhanced by underwater blue LED lights, a swim platform Sport Station, standup paddleboard racks, natural teak-look vinyl decking across cockpit and swim areas, a black SureShade, and protective bow cockpit covers.

Cabin and galley

Below, an inviting aft stateroom features a queen memory-foam berth behind a privacy curtain, while the convertible dinette transforms from a U-shaped Ultraleather lounge with a glossy wood table into an additional sleeping berth with an easy, elegant motion. The full galley keeps everything neatly concealed yet immediately at hand—sink, cooktop, microwave, refrigerator and even a blender—so you can serve with ease from morning espresso to sunset cocktails. The stand-up head is thoughtfully appointed with a molded vanity, Corian countertop, sink, VacuFlush toilet and a proper shower. Evenings are cinema-worthy with a 32" LED TV, Blu-ray player and soundbar, and day-to-day upkeep is simplified by the WalVac sweeper system. Reverse-cycle cabin air conditioning maintains perfect comfort in every season.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
