# DETAILED DESCRIPTION

---

## Introduction

---

"Stop the Press" is a remarkable 2021 43' Midnight Express that stands out in the world of luxury yachts, combining striking aesthetics with exceptional performance. This highly optioned vessel displays impressively low hours and has been maintained by a dedicated captain to the highest standards, with all services up to date and ready for summer cruising. Its blazing fast speeds into the nineties deliver an adrenaline-charged ride for any boating enthusiast, while the customized paint and upgraded upholstery lend an unmistakable air of elegance and individuality. More than a boat, "Stop the Press" is an invitation to explore — a meticulously cared-for 43-footer that promises speed, style and unforgettable moments on the water.

## Equipment and upgrades

---

This 43' Midnight Express is a marvel of thoughtful upgrades and high-end equipment, designed to enhance comfort, control and on-water performance. The boat benefits from an extended warranty in force until April 20, 2029, and a recently completed 300-hour service, while the heart of the vessel comprises Quint Mercury 450R engines with only 260 hours of use, delivering both reliability and exhilarating speed. Comfort and stability are addressed with a Seakeeper system to dramatically reduce roll and a 5000 BTU reverse cycle air conditioning system to maintain a perfect interior climate, and maneuvering is effortless thanks to bow and stern thrusters rated at 80kg each with rocker switch controls on the dash. Fishing amenities include two outlets for electric reels, two insulated rear livewells and six rod holders mounted on the hardtop, while the boat's refined appearance is reinforced by custom paint, upgraded upholstery, a hardtop and a carbon fiber dash. The cockpit, console and

transom well are lined with marine foam for added comfort, the helm seat houses two sliding insulated coolers, and a removable rear bench plus an electric fiberglass table that converts into a sunpad provide flexible lounging options. Navigation and control systems are comprehensive, featuring a Garmin 8622 chart plotter, depth sounder and Garmin Autopilot GHP20 with smart pump, complemented by an LED spotlight mounted on top with a remote point pad on the dash for low-light visibility. Entertainment is premium-quality through a JL sound system with cockpit speakers, four 12-inch subwoofers, amplifiers and a Fusion Apollo 770 head unit, with Sirius Radio available by subscription, and practical features such as a quick anchor windlass system, LED cup holders, LED underwater lights on the steps and transom, a trumpet air horn and a glove box on the dash complete the package. Lift-kept and captain maintained with upgraded cleats and fuel fills, this Midnight Express is a testament to superior craftsmanship, meticulous attention to detail and turnkey readiness for the next owner.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
