DETAILED DESCRIPTION

2012 435 Vista Four Winns Equipment

The 2012 435 Vista Four Winns is an extraordinary yacht, driven by Diesel Twin Volvo Penta IPS 600 engines with joystick control, providing a remarkable 2x435 horsepower. With only 1200 engine hours, this yacht guarantees both strength and dependability. Navigational prowess is assured with the Raymarine Open Array Radar, dual GPS plotters, and VHF, enhanced by an Auto Pilot system for seamless cruising.

Onboard comfort is a priority, featuring an A/C heating system in the cockpit, a generator, and a flat-screen TV for entertainment. The cockpit is outfitted with a stainless steel freezer and refrigerator, while the bow is equipped with cushions and a canopy for relaxation. The yacht combines practicality and luxury with a washer and dryer combo, central vacuum system, and an extended hydraulic platform with a teak insert. The teak cockpit table adds a touch of sophistication, and the private aft cabin with a full head option ensures privacy and convenience.

The yacht's complete cockpit enclosure, scheduled for replacement in January 2024, provides protection from the elements, and the sliding hardtop is electrically operated for convenience. An electric aft sun lounge and BBQ electric grill enhance the outdoor experience, while underwater lights and teak cockpit flooring contribute to the vessel's charm. Included with the yacht is a 2016 Seadoo Spark, ideal for additional water adventures.

Recent maintenance underscores the yacht's excellent condition, with aftercoolers and heat exchangers serviced in February 2022. Looking forward, the POD transmission fluids are set for replacement in January 2025, and a thorough haulout, including bottom paint, zincs, platform cylinder, and new wall skins for the master bedroom, is planned for November 2024. This 2012

435 Vista Four Winns is a fusion of performance, luxury, and meticulous upkeep, poised to offer its next owner an unmatched yachting experience.
