OVERVIEW

Welcome aboard DEVENZO, a custom 2022 Midnight Express 43 Open — a high performance center console that blends velocity with refinement. Her lustrous gunmetal hull, sumptuous quilted diamond pattern seating and boldly purposeful stance, powered by a quintet of Mercury Racing 450R outboards, command attention whether she's cleaving bluewater or easing onto a sandbar. With blistering speed and genuine offshore capability, this luxury dayboat/sport yacht whisks you to the Bahamas for lunch or carries you between cays, turning distant escapes into effortless day runs.

DETAILED DESCRIPTION

Performance and ride

Power comes from five Mercury Racing 450R outboards delivering a combined 2,250 horsepower, unleashing blistering speed with smooth, precise handling. A Seakeeper gyro stabilizer keeps the boat composed at low speed, on plane, or while relaxing at anchor, so the ride remains level and confidence inspiring. With a top speed of 95 mph, every throttle advance translates into instantaneous response and effortless control.

Bow and lounge

The forward lounge is an entertainer's dream, with oversized wraparound seating framing a central table, forward sunbeds inviting unhurried lounging, and JL Audio speakers seamlessly integrated into the bulwarks. It is spacious and social by design, equally at home during high energy cruising days and those quiet sunset moments when the horizon glows.

Helm and cockpit

The helm station is pure performance luxury, anchored by triple bolstered captain's chairs with armrests and cupholders, placing the driver and co pilots in total command. A full Garmin glass helm suite spans triple widescreen displays with digital switching and integrated controls, while a leather wrapped wheel and a precisely positioned throttle cluster make precision driving second nature. Just aft, six additional contoured seats deliver stadium style comfort, all finished in custom white and grey diamond stitched upholstery with black piping for a crisp, modern aesthetic.

Sound and entertainment

DEVENZO, the 2022 43 Open, features a premium upgraded sound system with oversized JL Audio subs and speakers strategically positioned throughout the boat. Whether carving along at 60 knots or sitting at anchor with friends, the soundtrack is immersive, crisp, and powerful, filling every zone without distortion and matching the pace of your day.

Wet bar and galley

Directly behind the helm, a fully equipped cockpit galley finished in metallic grey lacquer elevates hospitality, with a polished sink, a dedicated cutting surface, and thoughtfully arranged storage drawers. The grill station brings effortless onboard cooking, while refrigeration drawers and a pull out insulated cooler keep drinks icy and fresh provisions perfectly chilled for the duration of the voyage.

Aft deck

At the transom, five Mercury Racing engines make a commanding statement, yet Midnight Express still carves out an inviting aft lounge with wide bolstered seating, integrated storage, non slip decking, and true walkaround access. The result is an unmistakable blend of raw muscle and everyday usability, where performance presence never compromises comfort.

Cabin

Below deck, DEVENZO includes a compact yet refined cabin that smartly converts from day to night, featuring a convertible berth for comfortable overnights, an enclosed head with sink and shower, and air conditioning to

keep the climate dialed in. It is the ideal balance of practicality for weekend escapes without compromising the open deck lifestyle that defines the 43 Open.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
