## 2022 PARDO 43

Custom Bentley Blue | Upgraded Volvo Penta IPS 650 | Fully Optioned

This 2022 Pardo 43 arrests the eye with a bespoke Bentley Blue hull and a curated complement of premium options, embodying the marriage of Italian styling and purposeful engineering. Designed for those who value refined lines, effortless conviviality, and confident performance, this open yacht reads as a modern luxury dayboat—equally beautiful at rest or slicing through the water.

Propulsion comes from twin Volvo Penta IPS 650s, an upgraded package that delivers brisk acceleration, excellent fuel efficiency, and the intuitive precision of joystick control. The IPS configuration promotes a composed, whisper-quiet ride with assured top-end capability, blending nimble handling and cruising comfort in the unmistakable Pardo manner expected of a top-tier express cruiser and performance motor yacht.

The signature walkaround deck layout is a study in social functionality: expansive sunpads fore and aft, wide side decks for safe, easy passage, and a cockpit arranged for entertaining at ease. Every detail signals solid build quality—from heavy-duty hardware and sumptuous upholstery to ergonomically considered fittings and a noticeably substantial feel. Below deck, the cabin is finished with upscale materials and clever space planning, offering true weekender accommodations while retaining the open, athletic temperament of the platform. A versatile, inviting interior ensures this walkaround yacht is as practical as it is glamorous.

# DETAILED DESCRIPTION

---

## Hull and deck finishes

---

Finished in a bespoke Bentley Blue metallic, the hull and the deck and galley area radiate an automotive grade sheen that instantly distinguishes the yacht, while the synthetic teak deck delivers the warm look of timber with effortless upkeep and flows aft to a long bathing platform with a hydraulic lift and an integrated ladder for easy water access. Entertaining is seamless thanks to two extra refrigerator drawers cleverly built into the aft seat bench and a dedicated ice maker, and thoughtful amenities such as a forward awning with removable poles and a Sureshade electric Bimini integrated into the T top expand cool, livable shade both at anchor and underway; additional side deck storage keeps gear tidy and out of sight, preserving clean lines and a clutter free deck.

## Interior

---

An optional bulkhead can discreetly separate the two cabins, granting true privacy on extended cruises, while the interior is dressed in pickled oak, a pale, contemporary wood finish that amplifies light and showcases meticulous craftsmanship. In the aft cabin, a custom mounted stainless steel wine cooler keeps vintages at the perfect temperature, and a custom integrated microwave, seamlessly installed within the cabin joinery, brings convenient home style functionality without disturbing the yacht's refined aesthetic.

## Electronics

---

Power and connectivity are assured by an upgraded 80Ah battery charger and an 11 kW Kohler generator, while underwater LED lights set an elegant ambiance after dusk; climate is mastered by reverse cycle tropical air

conditioning with both heat and cool, two units, and the helm is anchored by Volvo Glass Cockpit multifunction 16 inch 8616 screens for intuitive control and navigation. Entertainment and media are equally advanced: a 22 inch LED flat TV with a DVB T antenna and Apple TV pairs with the Entertainment APOLLO Ultra High Performance Package featuring JL Audio and a subwoofer, and awareness and range are enhanced by a Raymarine M232 FLIR camera, a Pepwave integrated Wi Fi/cellular internet router, a Garmin PS51 TH Panoptix forward facing transducer, and KVH satellite internet, while a power outlet in the aft storage compartment adds practical convenience for charging and tools.
