OVERVIEW

If you are seeking the pinnacle of the Tiara Sovran 4300 experience, look no further! This yacht boasts an outstanding rating of 9.9 out of 10!

As you step aboard, the newly updated canvas immediately catches your eye. Moving towards the cockpit, the pristine condition of this vessel is unmistakable. Every cushion has been expertly reupholstered, showing no signs of wear. The wet bar area invites you to unwind in one of the two lounge areas, where you can enjoy a chilled beverage from the refrigerator while the cockpit's AC system provides a refreshing breeze. The Onan 11.5 KW generator ensures you have ample "shore power" whether cruising or at anchor.

At the helm, you will be enthralled by the cutting-edge Raymarine electronics suite, featuring two Axiom Pro MFDs, digital radar, autopilot, and more. The joystick control for the twin Volvo pods makes navigation a breeze, turning any captain into a seasoned navigator!

As you glide through the spacious sliding door and descend a few steps, you enter a breathtaking, fully equipped salon and galley area. The floors, walls, and ceilings are all in impeccable condition, reflecting the pride the current owner takes in this vessel.

This area allows the onboard chef to prepare meals or snacks to delight the guests, thanks to the full-size refrigerator, ample counter space, and large sink. Dining can be enjoyed in the cockpit or at the elegant dinette in the salon. For entertainment, a Sony smart flat-screen TV is available.

Forward of the salon, a door leads to the expansive master stateroom, complete with an ensuite head and separate shower. You'll appreciate the custom "Tiara" soft goods that adorn this space. This stateroom features its own AC system with individual controls for optimal comfort, along with another smart flat-screen TV. Abundant natural light fills the room through multiple hatches in the ceiling and hull.

Aft of the port-side galley, another door provides access to the guest stateroom, which also includes an ensuite head with shower. Sleeping arrangements consist of two twin beds that can be combined to form a large sleeping area. Comfort is ensured with yet another independent AC/heating system. This cabin is tastefully finished with Tiara soft goods as well.

To enhance the atmosphere while at anchor or docked, simply activate the underwater lights to create a captivating ambiance and attract various fish species that are drawn to the illumination at night.

This vessel has been meticulously maintained according to Tiara/Volvo guidelines, utilizing ONLY Certified Volvo Marine service providers. Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that embodies luxury and elegance!

DETAILED DESCRIPTION

Section name

The Tiara 4300 Sovran, equipped with Volvo Penta's Inboard Performance System, redefines what a yacht can achieve by revolutionizing onboard performance and enhancing the pleasure of the boating journey. On the 4300 Sovran, significantly reduced noise and vibration ensure comfortable conversations while cruising. Thanks to Volvo Penta's IPS, which cuts emissions by up to 25%, owners benefit from the performance, efficiency, and durability of diesel power without the drawbacks of exhaust smoke, noise, or vibration. Indeed, the IPS in the Tiara 4300 Sovran offers 25% greater fuel efficiency, leading to fewer refueling stops, enhanced speed, quicker acceleration, and a longer cruising range. The 4300 Sovran also features the Volvo IPS Joystick control, providing unparalleled low-speed maneuverability at your command. With a gentle touch of the IPS Joystick, you can direct the propulsion units in any direction. This capability allows you to maintain control of your 4300 during tight docking, turning, reversing, or even moving sideways—all without the need for bow thrusters. Crucially, because the IPS occupies 25% less space in the 4300 Sovran, the design team utilized the extra room to create a complete second stateroom with a head. Design elements such as vessel sinks, shower partitions, an optional washer/dryer, a full-size refrigerator/freezer, a spice rack, and ample storage are just some of the new features available. Additionally, the cockpit seating is both welcoming and comfortable, making it an ideal setting for those who love cruising.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
