## OVERVIEW

---

The Vanquish VQ45 "ALIYYAH 29" (2018) is a striking Dutch-built aluminium open sport cruiser that marries refined styling with athletic performance. Measuring 13.45 m (44.12 ft) overall with a generous 4.01 m (13.15 ft) beam, a shallow 0.91 m (3 ft) draft and an overall height of 3.15 m, her light, rigid aluminium hull displaces approximately 9,750 kg and registers at roughly 10 tonnes. Built by Vanquish Yachts in the Netherlands and EU-registered under the flag of Poland, this turnkey vessel carries the brand's signature lines and BRABUS style accents throughout.

Propulsion is delivered by twin Yanmar 8LV370 diesel engines, each rated at 370 hp, yielding a combined 740 hp (544 kW) through sterndrives. With engine hours shown as 969 h / 925 h, she confidently accelerates to speeds of up to 38 knots while remaining composed and efficient; the deep V hull form contributes to a stable, dry ride even when conditions are lively. Fuel capacity stands at 1,200 L with 400 L of fresh water aboard, offering excellent range for coastal passages.

The helm integrates a comprehensive Raymarine electronics suite for modern, intuitive control: dual Raymarine Axiom+ 12" touchscreen multifunction displays, Raymarine Evolution autopilot with a p70Rs control head, optional Raymarine Quantum 2 Doppler radar, Raymarine AIS700 Class B transceiver, and Raymarine VHF (Ray90 / Ray63) with remote handset. Raymarine ClearCruise AR augmented reality overlays and integrated Yanmar engine data on the Raymarine network deliver enhanced situational awareness. Hydraulic steering with a carbon wheel, electronic throttle and shift for the twin engines, and a bow thruster with joystick ensure precise close quarters handling and fingertip docking.

Guest areas are laid out for convivial day use and comfortable overnights: an expansive open cockpit features a sunpad, alfresco dining zone and wet bar,

comfortably accommodating up to 12 day guests with plentiful storage and premium upholstery atop teak decking. Below, a single luxury suite with a double berth offers an ensuite bathroom complete with shower and electric toilet, supporting two guests overnight. The vessel's fit and finish, from upholstery to deck joinery, reflect meticulous care.

In design and performance the VQ45 balances thrilling speed with composed manners: the aluminium construction provides crisp responsiveness and structural lightness, while the twin Yanmars supply efficient, sonorous power. Versatile in character, she excels as an open sport yacht, express cruiser, or luxury dayboat and is equally at home as a superyacht chase boat or high performance tender.

Carefully maintained and fitted with top tier systems, Vanquish VQ45 "ALIYYAH 29" presents a compelling package of Dutch craftsmanship, striking presence and lively dynamics. Viewing is strongly encouraged for discerning buyers seeking a fast, refined platform with turnkey readiness.
