OVERVIEW

Sleek, contemporary, and crafted for the Mediterranean lifestyle, this 2021 44-foot sport cruiser awaits in Greece, offering the perfect balance of performance, comfort, and style. Her hand-laid fiberglass/GRP construction delivers a solid, quiet ride, while the 13-foot beam creates a remarkably social main deck—ideal for sun-soaked afternoons and effortless evenings at anchor. The shallow 3.45-foot draft invites you close to secluded coves and sandy beaches the Greek islands are famous for.

Power comes from twin Volvo Penta inboard diesels, engineered for reliable, efficient passages. Settle into a confident 25-knot cruise, or unleash up to 35 knots when the horizon calls. With 317 gallons of fuel on board and 79 gallons of fresh water, she's well suited to extended weekend escapes, island-hopping adventures, and swift repositioning between marinas.

On deck, generous lounge spaces flow naturally from bow to stern, with easy movement around the vessel thanks to secure bulwarks and wide side decks. The broad swim platform makes water access a pleasure—equally convenient for a quick dip, tender transfers, or relaxed time at the waterline. The cockpit invites lingering meals and sunset cocktails, with ample seating arranged for conversation and panoramic views.

Inside, the ambiance is warm and refined, bathed in natural light. Finishes complement the modern lines of the hull, while clever stowage keeps everything shipshape. Overnight accommodations are thoughtfully arranged for up to three guests, pairing a comfortable double with an additional single berth. A well-appointed head serves the cabin and salon, ensuring privacy and ease during longer stays aboard. The compact galley supports everything from simple breakfasts to leisurely lunches, keeping the focus on time together and time on the water.

From the helm, sightlines are excellent and the driving experience is engaging

yet relaxed—precisely what you’d expect of a contemporary Mediterranean cruiser. Whether you’re slipping away for a weekend or planning a season in the islands, this 44-footer delivers an elegant, versatile platform with the soul of a performer and the heart of a true escape.

Positioned squarely in the Motor Yacht, Sport Cruiser, and Express Cruiser categories, she’s a fiberglass/GRP diesel inboard built for performance cruising—an ideal Greek-based Mediterranean cruiser powered by Volvo Penta.
