OVERVIEW

2025 Ribco Venom 44 — a distilled expression of speed, refinement, and contemporary Mediterranean style, delivered in June 2025 and used for only one month, presented in near factory condition and ready for inspection at the RIBCO shipyard. Twin Mercury V12 engines, each rated at 600 HP, combine for a potent 1,200 HP that grants exhilarating acceleration and a composed, efficient cruise. The celebrated deep V hull form instils confidence with outstanding seakeeping, a secure, soft and dry ride at pace, and the agility to perform equally well on spirited offshore passages or leisurely coastal day trips.

The deckscape has been conceived for conviviality and repose, with expansive sunpads, graceful lounge seating and meticulous finishes that echo Ribco's commitment to craftsmanship and enduring elegance. Every surface and detail reflects the yard's dedication to quality and innovation, offering a rare opportunity to acquire a virtually new vessel without the lead time of a custom build.

Highlights:

Model Year: 2025

Delivered: June 2025

Condition: As new — approximately one month of use

Engines: Twin Mercury V12 — 600 HP each
