OVERVIEW

The Schaefer V44 is a poised, athletic 44-foot motor yacht that marries contemporary design, lively performance, and exceptional versatility aboard. Crafted for owners who value form as highly as function, this luxury sport cruiser occupies the ideal middle ground between the exhilaration of a day boat and the comfort of extended cruising.

Her striking profile is defined by clean, modern lines and an open-plan arrangement that dissolves the barrier between cockpit, gathering areas and the sea beyond. Generous seating and multiple sunning surfaces make entertaining effortless, while a smartly conceived deck layout ensures every centimetre is put to practical use.

Adaptability defines the exterior living areas: the wide cockpit transforms into an inviting space for dining and relaxation, and easy water access reinforces her credentials as a Mediterranean day boat. The seamless circulation encourages guests to drift naturally from one zone to another, fostering a relaxed ambience whether underway, splashing about, or at anchor.

At the helm the V44 delivers a contemporary, involving drive. A choice of robust propulsion options, responsive handling and an ergonomically arranged command station give the yacht a distinctly sporty disposition while retaining the refinement expected of a premium express cruiser.

Below decks, Schaefer has made the most of the available volume. Contemporary finishes, abundant natural light and well-considered accommodation convert the V44 from a pure day boat into a cruiser capable of comfortable overnights and leisurely long weekends.

The result is a yacht that combines Brazilian flair with European-inspired polish and everyday practicality. Whether island-hopping in the Greek islands, lingering at a sheltered cove or arriving in style at a waterfront destination, the Schaefer V44 marks itself as a compelling choice in the luxury 40–45-foot yacht

category.

DETAILED DESCRIPTION

Schaefer V44

The Schaefer V44 is a refined 44-foot performance cruiser that artfully combines contemporary aesthetics with athletic handling and exceptional versatility, offering both the excitement of a sporty dayboat and the comfort required for extended cruising—an ideal match for Mediterranean waters and island-hopping in Greece. Its silhouette is defined by clean, modern lines and an open-deck philosophy that forges a direct visual and physical link between cockpit, social zones, the sea and the generous swim platform, while abundant seating and lounge areas and a capacious cockpit create an inviting environment for dining, relaxing and entertaining. An intelligently conceived deck layout extracts maximum usable area from the hull and, with an open-plan flow, allows guests to move freely from bow to stern, promoting a laid-back ambience whether underway, anchored or enjoying the water. At the helm the V44 offers a contemporary, engaging driving experience: robust propulsion choices, swift, precise handling and a thoughtfully arranged helm station deliver a distinctly sporty demeanor without compromising the comfort expected of a premium cruiser, rewarding the skipper with crisp, assured control and lively responsiveness. Below decks, space is used with purpose to produce a modern, high-quality interior where contemporary finishes and plentiful natural light combine with clever accommodation planning to turn the V44 from a capable dayboat into a yacht perfectly suited for overnight stays and weekend passages. Fusing Brazilian design flair with European elegance and genuine everyday practicality, the Schaefer V44 is equally at home cruising between Greek islands, spending the day at anchor or arriving at a coastal destination, presenting a compelling option in the premium 40–45-foot segment thanks to expansive social areas, an excellent connection to the water

and the versatility to elevate every outing.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
