### Solaris Power 44 Open\_ 2023

---

The Solaris Power Open 44 embodies Italian elegance, cutting-edge engineering, and exceptional seakeeping, redefining what an open yacht can be while presenting in condition like new. An aft deck with fold-out bulwarks transforms the cockpit into a terrace by the sea, inviting effortless indoor-outdoor living, while the deep-V hull, optimized for stability and efficiency, delivers confident performance and reassuring comfort even when conditions are challenging, with low fuel consumption that underscores the intelligence of the design. On deck generous walkaround passages link a fully equipped aft galley to a large sunpad and convertible lounging areas, harmoniously blending open-air freedom with refined luxury, and below, the interior is bright, spacious and customizable, crafted from elegant materials with meticulous attention to detail; the master cabin in particular offers impressive space and a serene sense of privacy for extended stays. Specified with optional twin Volvo Penta D6 IPS 650 to enhance maneuverability and efficiency, the main engines show 590 hours, consistent with the yacht's well-kept, like-new presentation, making the Open 44 as suited to a relaxed day cruise as to a longer coastal adventure for those who demand more from every moment on the water. ### Solaris Power 44 Опен\_ 2023

---

Solaris Power Open 44 воплощает итальянскую элегантность, передовую инженерную мысль и выдающиеся мореходные качества, по-новому определяя возможности открытой яхты и находясь при этом в состоянии,

близком к новому. Носовая палуба с откидывающимися бортовыми секциями превращает кокпит в террасу у моря, приглашая к плавному соединению внутреннего пространства и открытого воздуха, а корпус с глубоким V-профилем, оптимизированный для устойчивости и экономичности, обеспечивает уверенную ходкость и приятный комфорт даже в сложных условиях, при этом низкий расход топлива подчёркивает продуманность конструкции. На палубе просторные проходы вокруг кокпита соединяют полностью оборудованную кормовую камбузу с большой солнечной лежанкой и трансформируемыми зонами отдыха, органично сочетая свободу на свежем воздухе с утончённой роскошью, а ниже — интерьер светлый, просторный и адаптируемый, выполненный из изысканных материалов с кропотливым вниманием к деталям; мастер-каюта особенно впечатляет просторностью и спокойной приватностью для длительного проживания. Оснащённый опционально двумя двигателями Volvo Penta D6 IPS 650 для повышения манёвренности и экономичности, главный силовой агрегат имеет 590 моточасов, что соответствует тщательно сохранённому, как новому состоянию яхты, делая Oren 44 идеальным выбором как для размеренной дневной прогулки, так и для длительного прибрежного путешествия для тех, кто требует большего от каждого момента на воде.
