OVERVIEW

The NordWest 430 Sporttop stands out as an extraordinary day cruiser, celebrated for its outstanding stability on the water. This yacht available for purchase features joystick docking, providing precise maneuverability, and includes a practical electric soft top. Powered by the era's most robust stern-drive engines—2x 400 hp—it delivers exhilarating performance. The automatic trim tab systems and Dockmate remote control ensure effortless operation from anywhere on board. The interior offers three opulent cabins and two well-equipped bathrooms with shower amenities. Discover yacht sales at the current boat location and seize the chance to acquire a yacht that merges sophistication with state-of-the-art technology.

DETAILED DESCRIPTION

Section name

This yacht represents the pinnacle of contemporary design and opulence, featuring an unmatched suite of navigation and system technologies. At the helm, a joystick ensures effortless maneuvering, complemented by a Dockmate remote for engines and bow thrusters. The vessel is fitted with both bow and stern thrusters, with the latter newly installed in 2023, both operable via remote control. For peak performance, the yacht includes automatic drive trim and Zipwake automatic trim tabs. Navigating is straightforward with the Raymarine HybridTouch plotter/radar, supported by a 4 kW radar, Raymarine autopilot, VHF, and log/depth sounder. A compass and Volvo Penta 7" display offer additional navigational aid, while a fuel consumption meter ensures efficiency. Comfort is prioritized with a defroster and heating system for a pleasant journey in any climate.

The yacht's exterior is equally remarkable, featuring an electrically operated soft top with a new canopy added in 2021. The wet bar is fully equipped with a grill, refrigerator, sink with hot and cold water, and an ice maker. The deck is elegantly finished with full teak, and anchoring is simplified with electric windlasses at both the bow and stern, the latter featuring a 20 kg stainless anchor and remote control. The cockpit table is electrically adjustable, and a hot/cold water shower is conveniently located on the swim platform. A freshwater deck wash system and a cradle for a jet ski or RIB enhance the yacht's versatility. The foredeck boasts a sunbed, newly added in 2022, and the cockpit is equipped with heating connected to a calorifier, a new feature for 2023. A new cockpit canopy and speakers, along with new fenders and mooring lines added in 2021, complete the exterior features.

Inside, the yacht radiates sophistication with removable carpets and white

curtains, newly installed in 2022. The saloon is adorned with light leather upholstery and two additional stools, and the saloon table is electrically adjustable. Entertainment is provided by a TV in the galley and a stereo system with speakers updated in 2022/2023. The galley itself is a chef's delight, featuring a light Corian countertop, a 130 L refrigerator, a kitchen fan, a three-burner gas stove, and a combined oven/microwave/grill. A dinnerware set for eight persons and a double sink with hot/cold water and cover complete the kitchen amenities. The yacht also features electric-flush toilets with new seats installed in 2023.

Additional equipment includes a 100A charger with a 2.5 kW inverter, a Dometic 4000 diesel generator, and a diesel heater with outlets in all cabins, the saloon, and the cockpit. Safety is ensured with four electric bilge pumps, one manual bilge pump, an inflatable life buoy, and a fire extinguisher. Shore power (220 V) with a charging cable, surge and lightning protection, and a Mastervolt isolation transformer with a grounding plate for galvanic protection are also included. The engine hatch is electrically operated, and all tanks are made from acid-resistant stainless steel. New speakers and a subwoofer enhance the audio experience, and a washing machine, new in 2021, adds convenience. The stern drives have been upgraded with four new steering cylinders in 2023 and two new U-joints scheduled for 2024. This yacht is a testament to luxury and innovation, offering an exceptional experience on the water.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
