DETAILED DESCRIPTION

2021 Fountaine Pajot MY44 Marimar

Marimar, a 2021 Fountaine Pajot MY44 in the coveted Owner's version, marries indulgent interior comfort with decisive seagoing capability to create a yacht equally at home savoring a quiet dockside sunset or answering the call of a distant horizon. The layout offers four cabins and three heads, each appointed with a full shower, while the flybridge is engineered as a commanding open-air helm and lounge thanks to a bimini hard top with a canopy sunroof and an Admiral seat that elevates the piloting experience. Entertaining is effortless with a 220 V Kenyon electric grill on the flybridge and a varnished flybridge galley and table that present beautifully for guests, supported by a side-by-side refrigerator and freezer totaling 530 l (refrigerator 370 l, freezer 160 l) with ice maker and a combination microwave oven (50/60 Hz) that can run from generator or shore power, ensuring provisions are stored and prepared without compromise. Climate control is comprehensive: a full-boat A/C system 50/60 Hz rated at 40,000 BTU with an available tropical upgrade to 60,000 BTU is backed by a 220 V 60 Hz air-conditioning shore connection for reliable comfort in any region.

Performance and autonomy are delivered by twin Volvo Penta DS-PSI 650 engines showing 155 hrs and still covered under warranty for 5 years or 1000 hrs, supported by a Cummins Onan 10 kW generator 220 V 60 Hz and an electrical 60 Hz shore cord with a booster transformer and a transfer switch complete with volt and amp meters for confident systems management. Navigation and situational awareness are handled by the GARMIN 3 Smart Cruising suite, integrating the IPS pilot, AIS VHF and two GPSMAP 22" displays, with a second VHF handset providing redundancy. Off-grid comfort is extended by a Water-maker Newport 400C producing 400 GPD, while tender operations

are simplified by a 12' Highfield dinghy (CL380) powered by a four-stroke 25 hp Suzuki engine (DF25A) that deploys effortlessly from the aft hydraulic platform (max 250 kg) onto a dedicated dinghy platform finished in synthetic teak. Ground tackle is robust with a 25 kg Delta anchor and 60 m of Ø12 mm galvanized chain, and the hull is protected by a fresh antifouling epoxy primary. Thoughtful extras enhance daily life aboard, including two teak low-back chairs, a Capri Ahi kayak, a Catalina grill, new bilge pumps, a BOSE audio-video pack for saloon, cockpit and flybridge without TV set (110 V 60 Hz), and the lasting sheen of varnish throughout the flybridge galley and table. Marimar is comprehensively outfitted to elevate every passage, offering turnkey luxury and capability for owners who prize style, comfort and reliable systems.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
