OVERVIEW

Embark on Carolina Blues, a luminous 2025 41' Swift Trawler that ranks among the most recent and lightly used yachts on the water. Delivered to her first owners in February 2025 after the Fort Lauderdale Boat Show, this graceful motor yacht has been cherished from the outset and has cruised deliberately along the East Coast with the occasional carefree hop to Bimini. Renowned for effortless handling and intuitive systems, she welcomes confident single- or short-handed operation and suits any devoted boater seeking ease and reliability.

Arranged for comfortable life afloat, Carolina Blues offers three generous cabins to host family and guests, a refined galley with a bar designed for easy entertaining, and a sumptuous foredeck lounge that invites sunlit relaxation at anchor. Interior and exterior spaces are composed with practicality and comfort in mind, making entertaining uncomplicated and memorable. Rated for up to seven aboard, the Swift Trawler 41 presents a flowing, well-proportioned profile and a fine, flared bow that parts the sea with poise. Her hull is engineered for excellent efficiency and smart fuel economy, making her equally at home as a coastal cruiser, family cruiser, or long-range passagemaker.

Recent maintenance and enhancements underscore her readiness: the engines and generator received their annual service in December 2025; Starlink was installed to ensure seamless connectivity underway; custom carpet overlays were added to dampen sound and increase underfoot comfort; tailored magnetic exterior sunshades provide glare control and privacy; and the teak has been renewed and sealed with a UV-protective finish. Altogether, Carolina Blues captures the modern passagemaker spirit—capable, economical, and indulgent—poised to transform every voyage into a refined escape.

DETAILED DESCRIPTION

Additional information

Secure peace of mind with the Beneteau three-year parts and labor warranty alongside the Beneteau seven-year hull structural warranty, all wrapped in a white hull that frames a teak-appointed interior with three cabins and two heads. The salon is finished in River Rock upholstery complemented by brilliant white PVC interior upholstery, while a slatted door and thoughtful LED indirect lighting underscore the yacht's refined ambiance. A rotating pilot chair with handrails and a saloon table extension add ergonomic ease at the helm and in the social heart of the boat. On deck, everyday operation is effortless thanks to a self-bailing cockpit, a solid wood slatted cockpit floor with starboard catwalk, and a teak-slatted aft swim deck, while access is expedited by a dedicated door to the starboard sidedeck and a security door. A fuel fill on the stern deck simplifies refueling—made even more convenient with a full tank of fuel included. Lounge in complete comfort on the Dolce 51 external upholstery and the Dolce 51 Comfort sunbathing mattress, and shade the salon with a Magne Shade without logo priced at \$4,590. Mooring and anchoring are handled with confidence via an electric windlass and the complete mooring and anchoring kit, while a tender launching system stands ready for quick shore excursions. The helm and visibility suite deliver clarity and control in all conditions, featuring windshield wipers with washer and a dedicated defogging system, plus a high-quality compass and an aft camera for confident close-quarters handling. The upgraded electronics pack centers on Raymarine navigation, including Raymarine radar, Raymarine ClearCruise, and a Raymarine AIS receiver, all configured for the North America area. Entertainment and connectivity are future-ready with salon TV and DVD pre-wiring, Bose Acoustimas speakers in the salon, and fourteen USB sockets strategically

placed for modern life aboard. Power and systems are robustly specified: a 7.5 kVA generator teams with an inverter to support the all-electric lifestyle onboard, and a comprehensive charging suite includes a battery charger and two additional battery chargers, backed by general batteries and two AGM service batteries for dependable reserves. Climate control is assured with air conditioning, and pre-wiring is in place for a washer and dryer to expand onboard autonomy. The galley is all-electric and fully equipped, featuring a refrigerator and an ice maker, with a flybridge grill for alfresco dining and a six-person table setting to host with ease, while seagrass carpet with color to be determined is offered at \$1,400 to add a tactile, coastal finish underfoot. Handling is precise and intuitive with a bow thruster, a double-station stern thruster for complete control from both helm stations, and trim tabs for optimized running attitude, with PropSpeed applied at \$2,250 to enhance performance and efficiency. Structural and capacity enhancements include two aluminum fuel tanks, while the Essential Trim Level elevates the specification suite across the yacht. Safety, protection, and serviceability are comprehensively addressed: the yacht carries Coast Guard equipment, an automatic fire suppression system complemented by a dedicated bilge fire extinguishing system, one manual bilge pump and two automatic electric bilge pumps for redundancy, plus porthole and door bug screens to keep the interior pristine at anchor. A deck washdown pump simplifies clean-up after lively passages, and an underwater light adds a touch of drama to evenings at anchor. Every detail is tuned for practical luxury—from the access door to the starboard sidedeck and the slatted door inside to the tender launching system and the clarity of the upgraded Raymarine suite—creating a cruiser that is as effortless as it is exquisite, and rounding out the specification with a compass, the North America area configuration, access to the starboard sidedeck, and the reassuring convenience of an included full tank of fuel so you are ready to cast off from day one.
