OVERVIEW

2024 44-Foot Aluminum Sport Cruiser, Van Oossanen Design — United States
Designed for owners who value speed, refinement, and contemporary style, this 2024 44-foot sport cruiser combines Dutch hull innovation with American availability. An all-aluminum hull and deck penned by the celebrated Van Oossanen studio yield a structure that is both robust and lightweight, offering efficient, quiet passage-making and the durability of metal construction. A broad 13-foot beam liberates interior volume and cockpit room, creating gracious living spaces uncommon in this size class.

Her performance temperament is immediate and assured. Twin Volvo inboard diesel engines supply the dependable power to sustain a comfortable 30-knot cruise and to push to an exhilarating 38-knot top end when open-water speed is desired. The hull's refined lines and engineering reward the helmsman with precise tracking and responsive handling, while a 210-gallon fuel tank enables extended coastal runs without constant refueling. A 52-gallon freshwater system supports relaxed overnighting and weekend cruising, ensuring onboard comfort matches the yacht's sporty nature.

Aboard, the atmosphere is quietly upscale — clean architectural lines, tactile surfaces, and contemporary finishes combine to create spaces that feel both modern and welcoming. Natural light and generous headroom have been prioritized to form convivial social areas and a private forward retreat. The salon flows effortlessly from the cockpit, providing a serene interior after a lively passage, while a thoughtfully laid-out galley facilitates effortless provisioning and entertaining. Sleeping accommodations are appointed with refinement so that overnights feel indulgent rather than utilitarian.

Deck ergonomics underscore the yacht's go-anywhere spirit: broad, secure side decks, solid, tactile hardware, and flexible lounging and dining configurations that transition smoothly from the helm aft to the swim

platform. The result is a vessel that is as practical as she is beautiful — low-maintenance aluminum construction, efficient diesel propulsion, and the seaworthy assurance of a Van Oossanen hull all distilled into a 44-foot package equally at home slicing through a morning chop or at rest in a sheltered cove at dusk.

For the discerning buyer seeking an elegant, high-performance express cruiser with Van Oossanen pedigree and the reliability of twin Volvo diesel power, this 2024 aluminum yacht presents an exceptional opportunity in the United States.

DETAILED DESCRIPTION

Description

Speed, precision and rugged durability combine to create PARALLAX—an entertainer’s dream platform. This 2024 LEKKER 44 embodies everything the brand represents: blistering performance, surgical control, and social design that brings people together on the water. Crafted with European design excellence to suit American tastes, PARALLAX is built from lightweight aluminum and propelled by twin Volvo Penta D6 440 hp sterndrives, delivering an exhilarating, confidence-inspiring ride whether you’re cruising the Florida coast, island-hopping through the Bahamas, or serving as a nimble tender to a larger yacht. With just 270 engine hours she is essentially new and has already been enhanced with more than \$200,000 in premium upgrades, including a Seakeeper V3 gyro stabilizer, an 8 kW generator, air conditioning, and a comprehensive recent service. The striking Graphite Grey hull creates a sophisticated presence at every dock, while thoughtful touches from the spacious swim platform to the dual sunbeds and the climate-controlled cabin ensure every inch of this 44-footer is designed for unforgettable days on the water with friends and family.

Key features

Presented in nearly new condition with only 270 hours, PARALLAX arrives turn-key after recent service, new bottom paint, a full ceramic coating, fresh props and anodes, and over \$200,000 in premium upgrades. Twin 440 hp Volvo sterndrives with joystick docking deliver precise handling, while seating for up to sixteen guests, dual fridges, and a premium JL sound system anchor her entertainer’s ethos. The Premium Tech Package adds a Seakeeper V3, a 17" Garmin display, autopilot, a bow thruster, and night vision for confident

command day or night. A Graphite Grey hull, custom Sweet Potato cushions, and seasoned teak set a distinctive tone of modern warmth. Florida-based and ready for immediate ownership, this rare 2024 build represents the latest LEKKER 44 refinements.

Recent maintenance & upgrades

The yacht has just benefited from a 200-hour service covering engines and drives, a full generator service, and a complete ceramic coating. Fresh antifouling bottom paint was applied, with new anodes installed and new propellers fitted to ensure protection, efficiency, and true turn-key readiness.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
