OVERVIEW

Experience Unmatched Elegance on the Water: 2017 44 ft Yacht Available

Welcome aboard this exquisite 2017 yacht, a true marvel of design and craftsmanship, currently situated in the United States. Stretching 44 feet in length with a 13-foot beam, this vessel offers a spacious and welcoming environment for both leisure and social gatherings. Constructed from premium fiberglass and plastic, the hull not only promises longevity but also ensures a smooth and stable voyage, making it an excellent option for those seeking a yacht that marries performance with sophistication.

As you step inside, you'll be enchanted by the exquisite attention to detail and the opulent finishes that characterize this yacht. Featuring two elegantly designed heads, it prioritizes comfort and privacy, allowing you and your guests to enjoy your time on the water without any compromise. The generous layout is crafted for both intimate get-togethers and larger celebrations, making it ideal for hosting friends and family.

Equipped with twin Volvo inboard engines, this yacht offers remarkable performance and dependability, ensuring your voyages are as thrilling as they are tranquil. The diesel fuel system not only boosts efficiency but also provides reassurance as you cruise through open waters.

The deck, also made from fiberglass, serves as a true outdoor haven. Whether you're basking in the sun on the expansive bow, sipping a sunset cocktail on the aft deck, or enjoying a delightful dinner under the stars, this yacht is designed to enhance your experience. The seamless blend of luxury and practicality makes it a standout option in the competitive yacht sales market.

If you're exploring yacht sales in the current boat location, this magnificent vessel is a must-see. Seize the chance to own a yacht that epitomizes elegance and adventure. Embrace the lifestyle you've always envisioned and make this 2017 44 ft yacht your own. Your next extraordinary journey awaits on the open

seas!

DETAILED DESCRIPTION

2017 44 Overblue

The 2017 44 Overblue is an extraordinary yacht that sets a new standard for luxury and comfort on the water. This unique vessel offers more indoor and outdoor living space than any other boat in its class, featuring exceptional spatial comforts such as a walk-around queen bed and full-size bathrooms with showers. The expansive square footage is truly impressive, and with all commissioning gear included and break-in maintenance completed, this yacht is valued at over \$900,000, equipped with every possible factory and aftermarket option.

At the core of this yacht are twin Volvo Penta D3 220 hp Turbo Diesel engines with under 100 hours of use, providing an 18-knot cruising speed with a robust straight drive assembly. The yacht's design includes three bedrooms and two full bathrooms, offering plenty of room for relaxation and privacy. A 7KW Onan Cummins diesel generator powers the enhanced 40,000 BTU multi-zone air conditioning system, which includes backup systems for maximum comfort. Additional features include Caframo 12v ventilation fans, bow and stern thrusters, and an automatic fire protection system in the engine rooms.

The yacht is fitted with Racor fuel/water separators and filters for both engines and the generator, along with an optional second black water tank for the VIP bathroom, ensuring full system redundancy. The windlass is equipped with a chain length counter at the helm and dual controls at the bow and flybridge. For navigation and communication, the yacht includes a Garmin GMI 20 marine instrument for depth, speed, and temperature, a Garmin GPS map 80q2 MFD glass cockpit for Volvo, a Garmin GHC 20 Autopilot, and a Garmin VHF 200 marine radio. Dual cameras at the front and rear are linked to the chart plotter for improved visibility.

The "Sun Visor" hydraulic opening bow door offers balcony access, providing stunning views and open-air ventilation while ensuring secure protection for offshore cruising. The flybridge galley is equipped with dual refrigerators, a sink, a range, and a grill, complemented by cockpit cushions, a flybridge dining table and chairs, and sunbed cushions. The city water connection and flybridge sofas and chairs from Vondom enhance the luxury, while a custom LED searchlight with remote control and a hydraulic lifting swim platform with dinghy mounts increase functionality.

Inside, the full galley includes an induction stove, microwave, fridge, and freezer, with ambient lighting and additional LED multi-colored dimmer ceiling lights creating a cozy atmosphere. Indirect floor lighting under furniture adds a touch of sophistication, and the dinette booth converts into an extra sleeping area. Entertainment is provided by a Fusion marine system with zones in the salon and on the aft deck, a separate flybridge fusion entertainment system, and two 42" smart TVs securely mounted in the salon and master stateroom. Additional options include USB outlets at the flybridge helm station, dimmable multi-colored LED lights on the flybridge, a custom double full cover bimini sunshade with side curtains at the helm, and custom flybridge padded marine flooring. The Dock Mate remote wireless vessel control system allows for docking from anywhere on board, even from the dock. Custom VHF and UHF dome TV antennas, a custom folding anchor light on the stanchion, and a wireless remote docking system further enhance the yacht's capabilities. The vessel is sold as new, with engines and electronics all under warranty.

Accommodations include three staterooms, two full bathrooms, and a full galley with two refrigerators and an electric grill on the incredibly spacious flybridge, which features a dining table for eight and seating for up to 20, plus aft tanning beds. The lower aft deck area behind the salon offers additional seating for six. The flybridge upper deck includes a large cushioned tanning bed area aft, a full galley with a sink, two refrigerators/freezer, and an electric

grill, plus a forward seating area with three sofas and two chairs, all crafted by Von Dom from the most durable resin for lifetime outdoor use.

Mechanical equipment includes a windlass with flybridge and forward controls, bow and stern thrusters, a hydraulic swim platform with dinghy chocks, a wireless remote docking system, and a custom wireless remote-controlled searchlight in the bow. The hydraulic opening bow door/visor provides balcony access from the master suite and incredible breezes at anchor, while ensuring offshore seaworthiness when closed.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
