DETAILED DESCRIPTION

Section name

This remarkable yacht, impeccably maintained in the USA, offers a host of impressive features and recent enhancements that make it an ideal choice for discerning buyers. Outfitted with a hydraulic platform, it provides effortless water access, elevating your boating experience. The hullsides have been freshly repainted, giving the yacht a sleek and polished look that is sure to attract attention.

Having recently undergone a thorough 1000-hour service, the yacht promises outstanding performance and reliability. The air conditioning systems have been updated, ensuring comfort across all climates, while the new VacuFlush system adds convenience and ease. Every detail of this yacht is in pristine condition, showcasing the meticulous care it has received.

With countless features to explore, this private vessel is easy to view and ready for its next journey. For those seeking flexible purchasing options, owner financing is available, enhancing the yacht's appeal.

The price has been recently adjusted, offering exceptional value for a yacht of this stature. All major maintenance tasks, including a bottom treatment and waxing, have been completed, ensuring the vessel is in top condition and ready to set sail. Whether you're planning a relaxing cruise or an extended voyage, this yacht is fully equipped and ready to fulfill your needs.

Other details

Disclaimer: The Company shares the details of this vessel with sincere intent, aiming to deliver precise and dependable information. Nonetheless, it cannot assure or guarantee the accuracy of these details or the vessel's condition.

Potential buyers are advised to have their agents or surveyors meticulously examine any specifics they wish to confirm. This vessel is available with the understanding that it may be sold, have its price adjusted, or be removed from the market without prior notice.

Features

This yacht boasts a remarkable selection of features crafted to elevate your seafaring adventures. The electrical setup includes a shore power connection and a generator, guaranteeing a steady power supply whether you're moored or cruising. The electronics package is extensive, with a depth sounder, radar, DVD player, autopilot, radio, compass, CD player, GPS, and VHF, equipping you with essential tools for navigation, entertainment, and communication.

Inside, the yacht is outfitted with amenities to ensure both comfort and practicality. A bow thruster enhances maneuverability, while a washing machine and electric bilge pump contribute to onboard convenience. The galley is well-equipped with a microwave oven, and the air compressor along with air conditioning systems maintain a pleasant atmosphere in any climate. The electric toilet and seawater pump further improve onboard facilities, and a battery charger ensures all systems operate efficiently.

Externally, the yacht is just as well-appointed. A cockpit shower and cushions offer comfort and ease for outdoor leisure, while a swimming ladder provides simple access to the water. These features come together to form a vessel that is not only practical but also exudes luxury, ensuring every voyage is a delight.

Propulsion

This yacht is driven by a powerful propulsion system equipped with twin CUMMINS engines, both of the QSC 500S model. Each engine has accumulated 2150 hours, showcasing their dependability and steady performance over

time. These inboard engines are crafted to operate on diesel fuel, providing both efficiency and strength for long-distance journeys. The twin-engine configuration not only enhances maneuverability and stability but also guarantees that the yacht can sustain optimal speed and performance across diverse marine environments. With this propulsion system, you can trust in the yacht's capability to offer a smooth and potent sailing experience.

Specifications

This yacht features remarkable specifications that perfectly balance comfort and performance. Measuring 45.42 feet in length, with a maximum draft of 3.67 feet and a beam of 14.25 feet, it provides a roomy and stable base for your sea voyages. The vessel's dry weight is 12,927 kilograms, highlighting its solid build and stability on the water.

Fitted with an electric windlass, anchoring becomes a breeze, while the 110V electrical system ensures seamless operation of all onboard equipment. The yacht's tank capacities are ideal for long trips, including a fresh water tank of 567.81 liters, a fuel tank of 419.53 liters, and a holding tank of 158.99 liters.

The accommodations are crafted for comfort, featuring two well-furnished cabins and two heads, offering plenty of space for both guests and crew. These specifications come together to form a yacht that is not only practical but also exudes luxury, making it a perfect choice for those who desire both adventure and relaxation on the water.

CONTACTS
