OVERVIEW

Nestled in picturesque Palm Beach, FL, this stunning 2018 Swift Trawler 44 presents itself as a rare offering in the realm of yacht sales. With just 432 hours recorded on the engine, the vessel has been cared for with precision and readied for immediate cruising. Inside, a carefully planned two-stateroom arrangement provides private quarters for owners and guests, complemented by a full shower and head plus an onboard washer/dryer to sustain comfort on extended passages. The expansive salon and well-appointed galley flow together to create an inviting environment for entertaining or quiet relaxation. The ST 44 affords generous areas for leisure, from sunlit moments on the elevated flybridge to convivial meals at the aft deck's dinette table. Whether you prefer to tie up alongside a dock or set the anchor and hold in a secluded cove, the boat's configuration makes exploration effortless—launch your tender from deck and set out for new discoveries. This yacht for sale is an exceptional opportunity for buyers seeking a vessel in the current boat location. For a complete specification sheet and drawings, please scroll down to the external links and select the manufacturer's description.

DETAILED DESCRIPTION

Section name

This yacht is fitted with a thoughtful, comprehensive electrical system designed to deliver reliability and convenience at every turn. The vessel features an electrical breaker panel that supports both 12 V and 220 V systems and includes a full DC disconnect for safety, with the ability to connect to 220 V shore power when alongside. Power is supplied by two house service batteries, four 12 V engine start batteries and two bow thruster batteries, all maintained by two 25 amp battery chargers, while LED overhead lights and courtesy lighting throughout the interior and exterior create an inviting, well-illuminated atmosphere. A sophisticated electronics suite enhances navigation and onboard awareness: two Raymarine 260 VHF radios and a Lighthouse 3 Raymarine i70 display bring together a plotter, sounder, autopilot and radar, all networked to the flybridge for seamless operation, and a Fusion stereo system with strategically placed speakers ensures premium entertainment for every passage. The hull, deck and flybridge blend practical durability with tasteful detailing, featuring non slip decking with a diamond tip pattern, stainless steel rub rails, a teak cap rail and a bow pulpit, plus a convenient starboard side entry door and a bow hatch. Anchoring is effortless with an electric 12 V Lewmar anchor windlass complemented by stainless steel fairleads, and the deck outfitting includes a hinged mast and loading boom with a 275 lbs lift capacity, a swim ladder and teak decked aft deck hatches providing access to the generator and storage areas. The flybridge is appointed with two helm chairs and comfortable seating with storage on both port and starboard sides, creating an ideal command and social space. Mechanical systems are robust and engineered for quiet, confident cruising: twin Volvo D4 engines producing a combined 300 HP drive four blade propellers, supported

by primary fuel filters, raw water filters and sound insulation, with air intakes and blowers for proper ventilation and safety features that include two fire extinguishers and fuel pull handles. The fuel arrangement comprises two aluminum tanks totaling 1400 liters and is pre-fitted for a fuel polishing system, while steering is precise and surefooted thanks to a full steering system with stern and bow thrusters, Lenco trim tabs and hydraulic steering. Inside, the living spaces are organized for comfort and functionality: the salon sits aft of the galley and helm, accessed via the starboard entry door and surrounded by wrap-around glazing that delivers 360-degree visibility, with drapery for privacy and sun control. The galley features a drop-in refrigerator, a Cuisinart microwave and under-counter storage, the master cabin offers under-bed storage, a full shower and head and a TV for onboard entertainment, and the guest cabin is equipped with a washer/dryer combo, side-by-side twin beds with storage and a full head and shower located in the starboard side hallway.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
