Experience Scandinavian poise and power aboard the 2022 Fjord 41 XL, a luxury motor yacht defined by its white hull and propelled by twin Volvo Penta D6-440/DPI diesel engines for confident acceleration, spirited cruising, and assured handling. Its bold, contemporary profile is accentuated by a glossy black T-top, a black lacquered waterline, and synthetic teak decking, while the open, sociable layout invites effortless days on the water. Expansive lounging and dining areas flow to an extended hydraulic swim platform, and a sunbed lounge with integrated storage and refrigeration turns every anchorage into a private terrace by the sea. Inside, the yacht showcases refined craftsmanship and tactile luxury with Lisboa Chestnut cabinetry, Smooth Stone upholstery, and modern LED ambient lighting. The interior arrangement features a welcoming rear cabin with a double bed and sofa, a fully equipped galley for gourmet moments, and a bright, open main saloon with sliding door access that blurs the line between interior comfort and the elements. At the helm, cutting-edge marine technology inspires total confidence: Simrad navigation systems, autopilot, HALO20 radar, a bow thruster, and a Volvo Penta joystick deliver intuitive control and effortless maneuvering, whether docking or covering distance.
