OVERVIEW

Designed with deliberate poise, this 2023 45-foot motor yacht cruiser marries athletic lines with contemporary refinement. Constructed with an aluminum hull and deck, the build offers exceptional strength, reduced displacement, and lasting visual appeal, while a Modified V-Hull cleaves through varied sea conditions to deliver a composed, dry, and hushed passage. A 13-foot beam affords a wide, stable platform both underway and at anchor, and propulsion is provided by twin Volvo Penta inboard diesels—engines celebrated for their smooth power delivery, fuel efficiency, and dependable long-range performance. With a 199-gallon fuel capacity combined with the natural economy of an aluminum hull, this yacht is equally suited to leisurely coastal cruises and spirited day trips.

Both on deck and below, the layout is refined for the owner-operator who values concise luxury. The cockpit is an inviting space for relaxed entertaining and open-air enjoyment, while the helm affords commanding sightlines and intuitive controls for confident handling in tight marinas or open seas. The interior atmosphere is calm and uncluttered, centered on a versatile lounge that adapts for solitary overnight stays; a private head provides a discreet sanctuary after a swim or an extended run, and a 49-gallon freshwater reserve supports generous day-long comfort. Purpose-built to sleep one, this upscale express cruiser prioritizes comfort, privacy, and precise engineering—an elegant, resilient companion for solo escapes, dawn runs, and refined harbor engagements. Offered in the United States and built to the standards of premier motor yachts and cruisers, it represents a rare synthesis of durability, grace, and modern allure.

DETAILED DESCRIPTION

Boat highlights

Listing information is still being finalized — please call for further details. Meticulously crafted in the Netherlands and designed to make an impression, this 2023 Vanquish Yachts VQ45 fuses athletic performance with refined onboard luxury. Draped in a Jubilee Silver hull with a contrasting orange boot stripe and appointed with sumptuous Safran upholstery, the yacht has been extensively specified for comfort and style, projecting a striking presence both under way and at anchor.

Underpinning its agile handling are twin Volvo Penta IPS pod drives controlled by the Volvo IPS joystick, complemented by a Sleipner bow thruster and an intuitive Dynamic Positioning System (DPS) that secures the yacht in position at the press of a button. Stability at sea is dramatically enhanced by an upgraded Seakeeper 6, delivering a calm, level ride for guests in varying conditions. This boat is being offered with remaining warranty coverage as follows: Seakeeper extended warranty through 12/13/2027; Volvo Engine Major Components Warranty through 01/24/2028; and Reverse gear/Stern Drive/IPS Major Components Warranty through 01/24/2028. Terms and conditions apply, and the buyer or buyer's representative will be responsible for transferring the balance of these warranties and any associated transfer fees.

The 21 SUMMER specification and upgrades are comprehensive, including the Seakeeper 6 with extended warranty to 12/13/2027; a hydraulic Besenconi automatic passerelle that combines a passerelle and swim ladder; the Dynamic Positioning System; joystick docking and driving controls; a Sleipner bow thruster; two Bluefin LED underwater lights; twin Volvo Penta D6-480D-G engines with IPS pod drives (480 hp each; 234 hours) supported by the Volvo Engine Major Components Warranty and the Reverse gear/Stern Drive/IPS

Major Components Warranty through 01/24/2028; a Fischer Panda 8000i 8 kW generator (277 hours); a hardtop with integrated glass skylights; an electric retractable bimini providing a gray powered sunshade over the cockpit and a forward gray canvas sunshade mounted on carbon fiber poles; a hydraulic garage door and an extended aluminum swim platform finished with a faux teak overlay; advanced navigation and communications equipment including dual Garmin GPSMAP 8616xsv multifunction displays, a Garmin Fantom 18x radar with a 38-mile range, Garmin VHF 315 with GHS 11 handset, Garmin AIS 800, and a Garmin GPSMAP 943 serving as the Volvo Penta integrated display in the cabin; a Volvo Penta AP Reactor 40 autopilot with GPS integration; a premium JL Audio entertainment system with Bluetooth, satellite and tuner capabilities, GPS integration, and two JL Audio amplifiers for superior sound distribution; galley and refrigeration amenities including a Samsung microwave, an Isotherm drawer refrigerator, an Isotherm ice maker in the cabin, and a Vitrifrigo refrigerated drawer located outboard of the helm seating, among numerous other appointments.

Have a trade? We will consider it; please call to discuss options.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
