# OVERVIEW

---

Presenting Katerina, a 2021 Pardo 43 that marries Italian refinement with purposeful performance. This 14.00 m (45'11") walkaround flagship by Pardo Yachts displays sculpted Mediterranean lines, a wide 13'9" (4.20 m) beam and a shallow 3'5" (1.05 m) draft, all built in GRP with vinylester infusion, foam sandwich cores and carbon reinforcements for stiffness, quiet passage and long term durability. Twin Volvo Penta IPS 650 drives with joystick deliver crisp acceleration and precise low speed control, with approximately 380 hours logged, while a QUICK gyro stabilizer ensures exceptional comfort both underway and at rest.

Step aboard to find a versatile layout tailored for elegant day use or short cruising. The true walkaround deck permits effortless movement fore and aft and lends a safe, social flow for family and guests. The generous cockpit features an aft dining lounge with a convertible table that becomes a sunpad, an expansive foredeck chaise with bench seating and a well equipped wet bar/galley for effortless entertaining. Accommodation comprises a forward owner's cabin and a flexible aft twin/utility cabin, with a separate shower head for privacy and convenience. CE certification is Class B for offshore capability. Katerina has been meticulously maintained and recently completed a full yard period in Miami, Florida in September 2025. That program included a full haul out, fresh bottom paint, replacement of running gear components, authorized Volvo IPS pod service, installation of new sinks throughout, a complete exterior compound and ceramic coating for deep gloss and protection, renewed caulking around the hardtop, windscreen and deck fittings, HVAC inspection and servicing across all units, and servicing and verification of the black water/holding tank system. Detailed invoices, logbooks and service records accompany the vessel, confirming a fully current maintenance status and no deferred work.

The overall condition is superb, presented turn key with engines, pods and systems serviced by qualified technicians. The hull and topsides display a brilliant finish beneath the ceramic coat and the interior joinery and soft goods are clean and gently used. With twin IPS propulsion and joystick docking, handling is both sporty and intuitive while offering lower routine service demands than traditional shaft drives. The QUICK gyro adds a further level of refinement for comfortable offshore passages or serene anchorage.

Specifications summary: Model Year 2021; Builder Pardo Yachts, Italy; LOA 45'11" (≈14.00 m); Beam ≈13'9" (≈4.20 m); Draft ≈3'5" (≈1.05 m); Construction GRP/vinylester infusion with foam sandwich cores and carbon reinforcements; Engines Twin Volvo Penta IPS 650 with joystick, approx. 380 hours; Stabilization QUICK gyro stabilizer; Fuel capacity approx. 1,200 L (317 US gal); Fresh water capacity approx. 300–400 L; Accommodation forward owner's cabin, aft twin/utility cabin, head with separate shower; Certification CE Class B (Offshore); Recent work Sept 2025 haul out, bottom paint, running gear updates, authorized IPS pod service, new sinks, full exterior compound and ceramic coat, renewed caulking, systems serviced; Overall condition excellent with full logs, invoices and records.

Currently lying in Miami, Florida and available for private inspection by appointment. Delivery assistance to the Bahamas, Caribbean or U.S. East Coast can be arranged with advance planning. Katerina represents a rare opportunity to acquire an Italian designed performance walkaround with documented service history, contemporary systems and refinement ideal for Florida and Bahamas cruising, weekend escapes or an elegant dayboat lifestyle.
