OVERVIEW

The 2020 Vanquish VQ45 "Little Rome" exemplifies Dutch aluminum construction with elegant, uninterrupted forms, exhilarating speed, and a composure that translates to effortless balance on the water.

Captain maintained and lightly used, this turnkey luxury sport yacht marries the poise of an express cruiser with the nimbleness of a high performance dayboat, equally suited to a stylish weekend escape or as a sophisticated superyacht tender. The owner is commissioning a new build and will consider reasonable offers.

Recent maintenance and upgrades underscore reliability and comfort: a 2023 Kohler generator showing only 50 hours, a full exterior detail performed in October 2023, and a complete drive removal, inspection, and service in May 2022. That same month the hull was resprayed in Porsche Chalk, props were balanced and tuned for crisp efficiency, and all new exterior cushions plus a fresh rub rail were installed. A custom, removable Raymarine radar post preserves the yacht's clean silhouette while touchscreen integration centralizes onboard control.

Handling is precise thanks to a bow thruster and joystick docking, and fuel efficient, dependable Volvo diesel engines produce smooth, assured performance. An electric engine room hatch lifts to reveal a remarkably large removable storage bin, a testament to thoughtful usability. Combining style and substance, "Little Rome" is a standout performance cruiser, open yacht, and premium tender, ready for immediate enjoyment.
