OVERVIEW

Among the most striking vessels in her category, the 2020 Pardo 43 CLODY presents a rare opportunity to acquire a sleek open motor yacht and day boat with remarkably low hours. Meticulously maintained by a private owner, she appears almost new: a generous hull form and notable headroom combine to produce interiors that feel luminous, inviting, and unexpectedly spacious.

Cared for with discipline, CLODY has been hauled out each winter and stored in a covered shed, while summers have been limited to light day-cruising. Specified with a comprehensive options list and fitted with nearly every factory upgrade, she is propelled by the larger, sought-after twin Volvo IPS 600 units (2 × 435 hp), providing effortless joystick maneuvering and a thrilling 38-knot top speed. The two-cabin layout accommodates four in comfort, making her an ideal weekender, express cruiser, and Mediterranean passage maker, equally compelling as a luxury tender, walkaround or superyacht tender.

Showing just 269 engine hours, with VAT paid and maintained to an exacting standard, CLODY ranks among the most seductive and comfortable open yachts available. She lies in Olbia, Sardinia, and is open for viewings by prior appointment.

DETAILED DESCRIPTION

Machinery

Propulsion is entrusted to twin Volvo IPS 600 main engines, each producing 440 hp and recording 269 engine hours, paired with EPS gearboxes for smooth, immediate thrust. The boat delivers confident, efficient performance, reaching a top speed of 38 knots at approximately 140 l/h and cruising comfortably at around 20 knots with a consumption near 100 l/h. Onboard electrical systems operate at 220 V and are supported by a Kohler 9 kW generator rated for 24 hours, while main engine starting is secured by two 90 Ah starter batteries. Climate control provides both air conditioning and heating for year-round comfort, and additional machinery includes trim tabs for precise attitude control, a fitted sewage system and a robust 2500 W inverter.

Communication systems

Communication is handled by a Garmin 315i VHF, delivering clear, reliable ship-to-shore and onboard voice communications so that connection and safety remain effortless wherever you cruise.

Navigation systems

Navigation is precise and intuitive: no radar is fitted, while a Garmin gyrocompass and Garmin magnetic compass provide dependable heading information. Control is enhanced by a Volvo autopilot and the Volvo Interceptors System with auto trim, single-level control, cruise control, joystick drive, low-speed mode and the Volvo Dynamic Positioning System, delivering exceptional handling and station-keeping. A Garmin depth sounder reads the bottom cleanly, while Garmin GPS and a Garmin plotter guide every passage

with clarity and confidence.

Entertainment systems

A slim 22" LED flat television brings crisp visuals and effortless entertainment to the lounge, offering a refined focal point for relaxation and social evenings aboard.

Galley equipment

The galley is smartly appointed with a two zone induction cooker that delivers quick, cool running meal preparation, supported by refrigeration and freezer capacity spread across three units, including two conveniently located on deck for easy service. A Nespresso coffee machine provides barista quality indulgence at the touch of a button, completing a compact but highly functional culinary arrangement.

Deck equipment

Handling ground tackle is effortless thanks to an electric anchor windlass serving a Trefoil 15 kg anchor on 100 m of chain, while a hydraulic bathing platform lowers into the water and raises smoothly for tender and swimmer access. Comfort and shade are immediate with an electric bimini integrated into the T Top, deployed at the touch of a switch to create a cool, protected cockpit area.

Safety & security equipment

Peace of mind comes standard with a dedicated camera monitoring the anchor area, complemented by an installed fire control system to protect the vessel and guests. Safety gear is comprehensive and thoughtfully stowed, including

one life raft, twelve life rings, an EPIRB, a full complement of flares and an onboard medical kit to ensure preparedness for any eventuality.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
