DETAILED DESCRIPTION

Specification

A study in powerful elegance, this yacht measures 49.31 ft (15.03 m) overall with a commanding 16.4 ft (5 m) beam and a confident 2.62 ft (0.8 m) draft, displacing 11.5 t with engines aboard to provide ample reserves for extended cruising, supported by a fuel capacity of 1,200 l and a fresh water capacity of 250 l. Propelled by twin Volvo D6 diesel engines delivering 2 x 440 hp, the boat combines authoritative thrust with refined control and records engine running hours of 1212 / 1212 as of November 2025, while electrical autonomy is assured by an ONAN Cummins generator showing 434 running hours as of November 2025. The aesthetic is unmistakable: a custom BLACK hull paired with a deck gelcoat in GREY 7012 creates a modern, assertive profile, and onboard capacity is thoughtfully balanced—licensed for 16 persons by day, with comfortable sleeping for 4. Inside, the ambiance is elevated by an upgraded cabin interior featuring lacquered wood detailing and coordinated trim throughout, complemented by an interior bedding kit for a turnkey experience, with climate managed by 9,000 BTU air conditioning and a 50 l drawer fridge serving the master cabin, while natural teak underfoot and a well-appointed bathroom complete the refined coastal-chic atmosphere. Outdoors, a Hard Top with windshield provides shelter and sightlines and sun protection is versatile with a bimini top on carbon fiber poles plus a removable bow bimini on carbon poles, while custom tubes in CARBON BLACK echo the hull's intent and the full deck in solid teak brings both luxury and grip; practicality meets poise with a stern garage, an engine room with electric opening and a removable carbon shower on the stern platform, and protection and readiness are ensured by a tailored cover set for the stand-up area, stern seats and sundeck along with a windlass remote control with chain counter,

robust towing hooks and a removable wakeboard towing pole mounted on the platform. The helm is comprehensively equipped with a Raymarine "Domotic" interface orchestrating onboard systems, navigation upgraded with a Raymarine Axiom XL series sixteen-inch GPS and situational awareness amplified by a Raymarine AIS system, a Raymarine night vision camera and Raymarine day/night cameras in both the anchor compartment and the cockpit, while precision control is assured by an autopilot and the Volvo Penta Joystick system for sterndrives and a thermal/video camera monitors the engine room with an integrated temperature alarm for added peace of mind. Electrical systems are specified for independence and comfort with a 1200 Watt inverter and dedicated batteries, a cockpit fridge and freezer upgrade providing 100 l + 100 l of capacity and striking stern underwater lights that set the scene at anchor, and entertainment flows through an upgraded JL Audio sound system comprising eight speakers, one subwoofer and one amplifier to deliver clean, immersive sound that matches the yacht's dynamic spirit.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.
