OVERVIEW

For quick sale — \$40,000 price reduction — single owner, offers invited.

“Offshore Flyer” is presented in exceptional, showroom-clean condition as a lovingly maintained Azimut 46 Flybridge motor yacht, where modern Italian design meets graceful European profile. The expansive flybridge is sculpted for leisure and entertaining, with elegantly contoured seating, a dedicated flybridge refrigerator, bimini protection and a Fusion MS-AV750 AM/FM and media unit feeding five bridge speakers. Navigation and electronics on the upper station include a Raymarine E80 radar/depth/GPS plotter, Raymarine ST-6002 SmartPilot autopilot, and a Standard Horizon Matrix VHF; communications are further reinforced with Shipmate RS8300 VHF radios at both stations. Comfort and entertainment aloft are enhanced by KVH TracVision and KVH GyroTrac, a remote searchlight, and black Sunbrella covers protecting all exterior seating and both helm positions.

Aft, the cockpit is thoughtfully arranged with a dedicated engine-room hatch and a large lazarette for gear, set over a teak cockpit sole and a U-Line icemaker for convivial convenience. The broad swim platform features a transom shower, dinghy chocks, and twin transom doors, while an Opacmarine stainless/teak powered passerelle and davit with handheld remote provide effortless boarding and tender handling for Mediterranean-style stern-to moorings. Anchoring gear includes a Lofrans anchor windlass with controls at the upper helm and on deck, and a plow anchor on the bow stem riding on 200' of 3/8" BBB chain.

Down below, the salon is bright and airy, trimmed in rich cherry joinery and anchored by a Sony STR-DE135 A/V receiver and a Bose entertainment system with 10 Bose speakers in the salon plus an LG flatscreen TV for generous media options. The raised lower helm affords excellent sightlines without isolating the captain from guests, and the lower helm electronics include a

Raymarine E120 radar/depth/GPS plotter and Raymarine ST-7001+ autopilot. Steering and control systems are robust: Micro Commander electronic engine controls, Bennett hydraulic trim tabs with position indicators, Vetus bow thruster with dual-station controls, Hynautic/SeaStar hydraulic steering, and a Ritchie compass ensure responsive maneuvering in tight quarters.

The “down” galley is built for serious provisioning with an Isotherm stainless refrigerator/freezer, Hamilton Beach microwave, a 4-burner Candy electric cooktop and a double-basin sink. Accommodation is practical and refined: to starboard a guest cabin with twin berths and plentiful storage shares a guest head that serves en suite and passageway access via dual entry. Forward, the owner’s stateroom offers a centerline queen, a private head, a vanity and a walk-in wardrobe with abundant storage. Systems for comfort and convenience include (2) Cruisair SMXII digital air-conditioning/heat units with humidity control, (2) Dometic VacuFlush freshwater heads, and (2) stall showers, delivering turnkey liveaboard capability.

A distinguished Azimut 46 that marries luxurious finish, coastal-cruising competence, and true flybridge allure — ready for elegant weekends or extended escapes.
