# OVERVIEW

---

## The 2024 Princess F45

The 2024 Princess F45 is a masterpiece in the flybridge yacht category, seamlessly blending luxury, comfort, and high performance. Spanning approximately 14.5 meters in length with a beam exceeding 4 meters, this yacht offers an expansive design perfect for both leisure and social gatherings. Equipped with dual Volvo Penta IPS 650 engines, each providing 480 horsepower, this vessel can achieve speeds up to 31 knots. Notable features include a flexible flybridge with U-shaped seating and a modifiable dining space, while the main deck features a sliding transom that effortlessly enlarges the cockpit area.

Below deck, the F45 comfortably hosts four guests in two opulent cabins. The full-beam owner's suite serves as a private sanctuary, complemented by an en-suite forward guest cabin. The saloon's large windows allow natural light to flood in, creating a bright and open ambiance.

With a fuel capacity of 1,300 liters and a draft slightly over one meter, this yacht is perfect for long-distance cruising and diverse exploration. The Princess F45 is an exceptional choice for those looking to buy a yacht that combines style and practicality, making it a standout in yacht sales at its current boat location.

## Electronics

American version plotter

USA VHF

Second Volvo/Garmin 16" color multifunction display at lower helm

Garmin AIS Class B transponder linked with chart plotters

On-board Wi-Fi network with external Wi-Fi and 3G/4G antenna
